Paper 01

Edexcel and BTEC Qualifications

Edexcel and BTEC qualifications come from Pearson, the world's leading learning company. We provide a wide range of qualifications including academic, vocational, occupational and specific programmes for employers. For further information visit our qualifications websites at www.edexcel.com or www.btec.co.uk for our BTEC qualifications.

Alternatively, you can get in touch with us using the details on our contact us page at www.edexcel.com/contactus.

If you have any subject specific questions about this specification that require the help of a subject specialist, you can speak directly to the subject team at Pearson. Their contact details can be found on this link: www.edexcel.com/teachingservices.

You can also use our online Ask the Expert service at www.edexcel.com/ask. You will need an Edexcel username and password to access this service.

Pearson: helping people progress, everywhere

Our aim is to help everyone progress in their lives through education. We believe in every kind of learning, for all kinds of people, wherever they are in the world. We've been involved in education for over 150 years, and by working across 70 countries, in 100 languages, we have built an international reputation for our commitment to high standards and raising achievement through innovation in education. Find out more about how we can help you and your students at: www.pearson.com/uk

GCE Applied Business 6929/01 June 2012

To successfully achieve this unit, learners need to demonstrate an appropriate level of understanding and application of knowledge across the full range and scope of the unit outcomes, in particular the unit assessment outcomes/criteria, the specific AOs, and the mark band (MB) distributions (Applied Business Awards Specifications Pages 148 to 149). In as much as learners need to show a clear understanding of the subject and the practical application of the unit requirements from a balanced contribution across the four knowledge/applications Strands, the related AOs and marking criteria bands.

Therefore, in relation to the Unit specifications (p145 and 157) learners should:

- Provide clear coverage of the four issues influences on a business, with suitable exemplar material to support the discussion.
- Include relevant and up-to-date information, from a suitable range of sources and examples with appropriate materials presented in support of the final issue conclusions.
- Use appropriate techniques and methods on the collection of information and analysis, showing awareness of the selection and relevance of information, issues, problems or opportunities.
- Explain the positive and negative aspects of the key issues on a business.
- Show judgement in the selection and appropriate presentation of the findings in a suitable format.
- Evaluate the business external issues, the business influences and the wider organisational context, thus being aware of the issues, problems and/or opportunities.
- QWC in strand (d).

The work sampled indicated more appropriate chair's reports being provided in line with those suggested in previous reports and training material. The chair's report should be supported by supplementary documentation that explains and highlighting the four external issue (including evidence of research) that the company may/is facing over the next years.

It should be noted that the unit has four prescribed issues to address and each strands focuses specifically on an individual AOs and performance descriptors, with QWC identified within strand (d) Therefore, the business selection is important for the candidates to research and explore the external impacts associated with that business.

Candidates overall demonstrated a good understand of the overall external factors (stand a), with substantial amount of research data generated in some cases, however, this material needs to be filtered, evaluated and used as appropriate to the business and influence under discussion, thus enhancing the overall quality of the report as required for MB2/3 in strands (b), (c) and (d).

Authentication

Evidence to confirm originality of learner work, the counter signature of the Mark Record Sheets by tutors and candidates is critical in this process.

Standardisation

Suitable marking by centres was evident. It should be noted for higher performance assessment the depth and scope of material in terms of types of examples and the quality of reasoning and evaluation should be of a high standard work to award the higher marks.

Enhancing Assessment

As noted in previous reports, a form of Chair's report must be produced, although no specific structure is suggested, it would be advisable for candidates to present their findings in a form as previously described in unit reports and training material. Candidates should be encouraged to select a business which is of sufficient size, structure and product and/or service range to allow all four influences to be examined to an appropriate depth.

Where candidates select a non-UK based organisation, the influences should still be addressed primarily from a UK perspective, (as outlined in the unit content specification), therefore the legal and economic influences should be described and where necessary alternative country legislation and economic situation be explained and compared to that of the UK to show equability or difference in influences.

Centres should encourage fuller/wider consideration of the range, value, up to date, suitability and appropriateness of the information being used and applied. Guidance on currency of material is given within the specifications (last 5 to 10 years) however, for higher grade performance the most up to date and current references should be used and considered.

Material needs to be filtered and evaluated for appropriateness (covering AO2 and AO3) to the business of choice and the influence under discussion, this will enhance the quality of the documentation and ensure fuller consideration of the range, value, up to date (see above for currency) and appropriateness of the information presented for each influence, and in support of stand (d) with clearer justifications for the impacts of each of the four influences.

In addition, the marks for QWC (out of three) should be clearly identified within the assessment of this strand.

Grade Boundaries

Grade boundaries for this, and all other papers, can be found on the website on this link:
