plus your additional time allowance

MODIFIED ENLARGED 18pt

Candidate forename		Candidate surname	
-------------------------------	--	------------------------------	--

Centre number						Candidate number				
--------------------------	--	--	--	--	--	-----------------------------	--	--	--	--

Candidates answer on the Question Paper.

OCR SUPPLIED MATERIALS:

A separate Data Booklet

OTHER MATERIALS REQUIRED:

None

READ INSTRUCTIONS OVERLEAF

INSTRUCTIONS TO CANDIDATES

- **Write your name, centre number and candidate number in the boxes on the first page. Please write clearly and in capital letters.**
- **Use black ink. HB pencil may be used for graphs and diagrams only.**
- **Answer ALL the questions.**
- **Read each question carefully. Make sure you know what you have to do before starting your answer.**
- **Write your answer to each question in the space provided. Additional paper may be used if necessary but you must clearly show your candidate number, centre number and question number(s).**

INFORMATION FOR CANDIDATES

- **The number of marks is given in brackets [] at the end of each question or part question.**
- **The total number of marks for this paper is 120, of which marks are allocated to the assessment of the quality of written communication where an answer requires a piece of extended writing. These questions are marked with an asterisk (*).**

BLANK PAGE

EJO is an art gallery that displays and sells the work of artists.

Each piece of art in the gallery is labelled with details about the work and the artist. The label also contains data.

- 1 (a) Show, using an example related to EJO, how data can become information through the application of context, structure and meaning.**

Data _____

Context_____

Structure _____

Meaning _____

[4 marks]

- (b) The labels contain text and pictures to convey information to visitors.

Identify TWO other methods that could be used to convey information within the gallery, and for each give an advantage of its use.

1 _____

Advantage _____

2 _____

Advantage _____

[4 marks]

End of Question 1.

EJO provides guided tours of the art gallery.

2 EJO uses a computerised booking system to allow visitors to book guided tours.

(a) Describe THREE characteristics of a computerised booking system.

1 _____

2 _____

3 _____

[6 marks]

Look at the database for Question 2(b) in the separate Data Booklet.

(b) State the most appropriate data type for the following fields in the tour database.

Number in Party _____

Paid? _____

[2 marks]

(c) Give TWO advantages of using the autonumber data type for the TourID.

1 _____

2 _____

[2 marks]

(d) Describe the following terms used in relational databases.

Foreign key _____

Table _____

[4 marks]

(e) Describe the role of the one to many relationship in a relational database.

[2 marks]

End of Question 2.

3 EJO is considering producing leaflets so that visitors can tour the gallery without being accompanied by a guide.

(a) One source of information for the leaflet could be the internet.

Explain TWO advantages of using the internet as a source.

1 _____

2 _____

[4 marks]

(b) Proof reading is one method of verification.

Show, using an example, how proof reading could still result in errors in the leaflet.

[2 marks]

(c) (i) Describe the following characteristics of documents that could be in the leaflet.

Footnote _____

Section _____

Paragraph _____

[6 marks]

- (ii) For each of the following, give an example of how it could be used in the leaflet.

Footnote _____

Section _____

Paragraph _____

[3 marks]

(d) EJO uses computers to create the text for the leaflets.

For each of the following, give an example of a cost incurred by EJO in producing the leaflet.

Software _____

Consumable _____

Personnel _____

[3 marks]

End of Question 3.

[6 marks]

End of Question 4.

- 5 EJO has produced a slideshow advertising the gallery. The slideshow will be displayed in a local tourist centre.**

(a) Compare the use of automatic and manual transition in the slideshow.

[illegible]

(b) Navigation in a presentation can be non-linear or hierarchical.

One of the presentations used by EJO is given by a speaker to a group of visitors. The presentation is given to each tour by different employees during the day.

Describe TWO advantages of using hierarchical navigation in this presentation.

1 _____

2 _____

[4 marks]

- (c) One of the tour guides from EJO is giving a presentation to a local art society. They will be using printed acetate.

Describe TWO DISADVANTAGES of delivering a presentation using printed acetate.

1 _____

2 _____

[4 marks]

End of Question 5.

- 6 EJO is having software created to catalogue the art work.**

The software will have a form interface.

(a) Describe TWO characteristics of a form interface.

1 _____

2 _____

[4 marks]

(b) The interface will contain form controls.

Describe the following form controls and for each, give an appropriate use.

Spinner _____

_____ **[2 marks]**

Use _____

_____ **[1 mark]**

Option Button _____

_____ **[2 marks]**

Use _____

_____ **[1 mark]**

- (c) EJO uses a single piece of applications software to manage emails and store appointments, meetings and notes.**

Justify the use of this single piece of applications software for these tasks.

[illegible]

[6 marks]

End of Question 6.

7 EJO has started to use style sheets.

Describe the purpose of a style sheet.

[2 marks]

End of Question 7.

8 EJO is considering expanding their building.

(a) Explain TWO advantages of using modelling software to create a model of the expansion.

1 _____

2 _____

[4 marks]

Look at the spreadsheet for Question 8(b) in the separate Data Booklet.

(b) Using the spreadsheet, describe and give examples of the use of the following.

Variable _____

_____ **[2 marks]**

Use _____

_____ **[1 mark]**

Function _____

_____ **[2 marks]**

Use _____

_____ [1 mark]

End of Question 8.

9 EJO is concerned that the information they hold on their computers is vulnerable to theft.

(a) Explain how the following methods protect ICT systems.

Encryption _____

Firewall _____

Software patches _____

_____ **[6 marks]**

EJO have been informed that they need to register with the Information Commissioner.

(b) The Data Protection Act (1998) (DPA) was created to protect data about the individual.

Identify TWO rights the user has under the DPA.

1 _____

2 _____

[2 marks]

(c) Explain problems an individual could encounter when trying to enforce their rights under the DPA.

[illegible]

End of Question 9.

10 EJO requires a relational database to be developed that will:

**store details of artists and their works;
store details of customers;
store details of sales.**

(a) Two of the entities are CUSTOMER and ARTIST.

Identify TWO other entities that would be needed to create the database to meet EJO's requirements.

1 _____

2 _____

[2 marks]

- (b) Create an entity relationship diagram for the relational database identifying the degree of the relationships between the entities. [4 marks]**

End of Question 10.

Question 11* on the next page

Discuss the impacts and consequences of future developments in ICT on the disabled visitors.

[11 marks]

[illegible]

[illegible]

[illegible]

End of Question 11*.

End of examination.
