NOTE: The additional grid below the 53-week grid is to be used for the first weeks of the next tax year. This grid is to be completed as you would a new tax deduction card, using the pre-printed tax credit and standard rate cut-off point figures. You will receive a new tax deduction card, which will incorporate the budget amendments to the tax credits and standard rate cut-off point figures early in the next tax year. You should then transfer the figures from the additional grid onto the new tax deduction card and continue completing the new tax deduction card as usual.
