# **Accounting Technicians Ireland**

# StudentBounts.com 2<sup>nd</sup> Year Examination: Autumn 2012 Paper

# Paper: ADVANCED TAXATION (Northern Ireland)

# Wednesday 22<sup>nd</sup> August 2012 – 2.30 p.m. to 5.30 p.m.

## **INSTRUCTIONS TO CANDIDATES**

## PLEASE READ CAREFULLY

For candidates answering in accordance with the law and practice of Northern Ireland.

Candidates should answer the paper in accordance with the appropriate provisions up to and including the Finance Act, 2011. The provisions of the Finance Act, 2012 should be ignored.

Allowances and rates of taxation, to be used by candidates, are set out in a separate booklet supplied with the examination paper.

Answer ALL THREE QUESTIONS in Section A, and ANY TWO of the FOUR questions in Section B. If more than TWO questions are answered in Section B, then only the first two questions, in the order filed, will be corrected.

Candidates should allocate their time carefully.

All workings should be shown.

All figures should be labelled as appropriate e.g. £s, units, etc.

Answers should be illustrated with examples, where appropriate.

Question 1 begins on Page 2 overleaf.

The following insert is included with this paper.

Tax Reference Material (NI)

August 2012

## Section A

#### Answer QUESTION 1 and QUESTION 2 and QUESTION 3 (Compulsory) in this Section

#### **Question 1** (Compulsory)

2ª StudentBounty.com Fairfax Limited operates a business as a manufacturer of quality furniture from its premises in Co Down. It has two associated companies who operate in a similar line of business in the U.K. The company has traded successfully albeit there has been a considerable downturn in business this year. Results for the year to 31.3.2012 show the following:-

| Sales<br>Cost of Sales<br>Gross Profit | Notes | £       | £<br>1,050,000<br>(600,000)<br>450,000 |
|--|-------|---------|--|
| Other Income                           |       |         |  |
| Profit on sale of Investments          | (1)   | 10,000  |  |
| Dividends for UK Co(net)               |       | 11,250  |  |
| Interest from Bank Deposit             | (2)   | 1,800   | 23,050                                 |
|  |       |         | 473,050                                |
| Less Expenses                          |       |         |  |
| Directors Remuneration                 | (3)   | 40,000  |  |
| Administrative overheads               | (4)   | 125,274 |  |
| Selling & Marketing Expenses           | (5)   | 46,526  |  |
| Financial Expenses                     | (6)   | 11,200  |  |
|  |       |         | <u>223,000</u>                         |
| Net Profit before taxation             |       |         | <u>250,050</u>                         |

#### Notes:

- (1) The profit on the sale of investments resulted from the sale of quoted shares in July 2011. These shares had been bought in April 2011 for £16,750 and sold in July 2011 for £26,750.
- (2)This income would be determined as income from a non trading loan relationship.
- (3) This included an amount of £5,000 Pension Payment accrued and paid on 10 April 2012.

August 2012

#### **Question 1** (Cont'd)

(4) Administrative overheads are made up as follows:

|  | £       |
|--|---------|
| Depreciation                             | 17,200  |
| Rent & Rates                             | 25,000  |
| Light & Heat                             | 16,200  |
| Telephone & Internet                     | 2,754   |
| Obsolete Stock write off                 | 4,900   |
| Motor & Travel                           | 9,770   |
| Miscellaneous Expenses                   | 46,200  |
| Staff Christmas Party gifts for 50 staff | 3,250   |
|  | 125,274 |

(5) Selling & Marketing expenses for the year include:-

|  | £      |
|--|--------|
| Selling Expenses & warehouse costs           | 37,370 |
| Debt collection costs                        | 4,250  |
| 2% Increase in General bad debt Provision    | 2,750  |
| Interest payment on late payment to supplier | 300    |
| Entertaining customers                       | 1,856  |
|  | 46,526 |

(6) Financial Expenses include the following

|                                       | £             |
|---------------------------------------|---------------|
| Bank interest on Loan on new premises | 9,217         |
| Qualifying Charitable Donations       | 1,200         |
| Interest payable on loan (non Trade)  | 608           |
| VAT Surcharge & default payment       | <u>175</u>    |
|                                       | <u>11,200</u> |

- (7) Capital allowances for the year have been agreed  $\pounds 23,200$
- (8) The company has a trade loss carried forward amounting to  $\pounds 14,000$

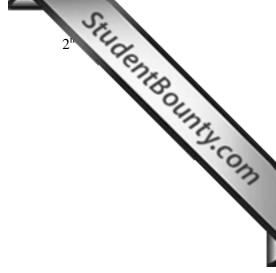

#### **Required:**

a) You are required to calculate the Corporation Tax Liability for Fairfax Limited for the year ended 31 March 2012.

18 Marks

b) State the date by which any outstanding liability must be paid.

<u>2</u> Marks Total <u>20</u> Marks

#### **Question 2** (Compulsory)

2<sup>1</sup> StudentBound. com Jenson Ltd is a UK registered close company who prepares accounts to 30 June each year. Lewis Button a) of the company subscribers has been advanced £50,000 on his director's current account by the company of 10 July 2011. £20,000 of this is repaid in January 2012 and the remainder is written off by the company at the time.

Jenson Ltd now are unsure of how to deal with this matter and have asked for your advice.

#### **Required:**

State clearly the tax consequences of the loan by Jenson Ltd. to Lewis and outline the tax consequences to Lewis as a director.

#### 10 Marks

b) Unsure Ltd have been engaged in a number of asset acquisitions and disposals in the year and have asked for your advice in preparing a capital allowance claim for the year. Details of the transactions for the year ended 31/03/2012 are as follows:-

|   | £       |
|---|---------|
| Balance b/f 1/4/2011                          |         |
| General Pool                                  | 242,600 |
| Finance Directors Car                         | 12,500  |
| Managing Directors Car (Audi 70% Private use) | 18,750  |
| Additions in Year                             |         |
| Machinery                                     | 32,000  |
| Energy Saving Plant                           | 14,000  |
| Office Furniture                              | 22,600  |
| New Managing director Car (186g/km)           | 34,500  |
| Disposal Proceeds:                            |         |
| Machinery                                     | 11,250  |
| Managing Directors Audi                       | 14,000  |

#### Required

Calculate the total capital allowances for the year and state clearly the tax written down values to be carried forward to the next accounting period.

> <u>10</u> Marks Total 20 Marks

#### Question 3 (Compulsory)

StudentBounty.com Lorraine has been employed as Marketing Director for some time by Gift-It Ltd. a company specialising in the order gifts market in the U.K. Although she has been happy here she has been considering another offer that has made to her. Her current remuneration package includes the following:-

She receives an annual salary of £36,000 p.a. and in June each year receives a bonus of 3% based on the results of the previous years trading. Profits in y/e 31 December 2011 are expected to be significantly higher at £56,000.

In addition Lorraine receives the following 'perks' in her job:-

- She has use of the company car park situated at company premises in the centre of the town. She 1 pays a nominal  $\pounds 20$  pm for use of this, but a conservative estimate would be that this saves her  $\pounds 1,110$ p.a.
- 2 Lorraine is provided also with a childcare place at Gift-It in house nursery free of charge. This saves her an estimated £1,250 p.a.
- 3 She has been provided with a petrol motor car costing  $\pounds 20,000$ . C0<sub>2</sub> emissions are 167g/km. Gift-It also contributes £50 pm towards fuel for the vehicle. It is estimated that this covers half the cost of fuel for Lorraine's private motoring.
- Lorraine has recently been installed as Lady Captain at the local golf club and since then the company 4 have funded an interest free loan to her of £4,000 to cover any incidental costs she may incur in her duties. Additionally, they have provided her with the use of the company digital camera, which cost £900, for use at the Golf Club and weekend functions.

Her expenses in connection with the job include:-

- a) Payment of annual subscription of £275 to Chartered Institute of Marketing of which she is a member.
- b) Lorraine frequently uses her home phone to make business calls. The estimated cost of such calls in the year would be £90. The cost of line rental (inc internet) in the year is £160 and Lorraine estimates that 40% of all calls she makes/receives in the year of this landline would be business calls.
- c) Lorraine is also a member of an up-market City Centre Hotel Club. For this she pays an annual subscription of  $\pounds 120$ . Lorraine uses the club frequently to discuss business with potential clients. These discussions frequently lead to valuable contracts.

August 2012

**Question 3** (Cont'd)

StudentBounty.com The other job offers a very attractive £55,000 p.a. salary. However, as it is based some distance away it would require Lorraine to move house. The company would pay the estimated £10,600 relocation expenses.

Lorraine would keep her own house and let it out (unfurnished) £8,400 p.a. or (furnished) £9,500 p.a. Rental costs for her in her new house would be cheaper at £6,000p.a.

Alternatively the company have offered her to reduce the relocation expenses to £5,300 and let her use an apartment purchased by the company some time ago at a cost of  $\pm 120,000$  (Annual value  $\pm 3,200$ ). The job however would only be for a three year period.

#### **Required:**

To assist Lorraine with the decision she now faces, calculate her net income after tax and national insurance contributions for 2011/12 in:

a) her current job

8 Marks

b) the alternative offer that has been made.

August 2012

#### **SECTION B**

#### Answer ANY TWO of the FOUR questions in Section B

#### **Question 4**

2 StudentBounty.com As part of a major planned re-organisation and change in operations Shift Ltd. have engaged in the disposal of various assets and investments of the company as follows:-

1. On the 10 July 2011 (RPI 226.4) the company sold 3,000 of its 4,000 share holding in Makit Ltd. for £22,000. These shares had been bought over a number of years as follows:-

| Date          | Share | Cost  | <u>RPI</u> |
|---------------|-------|-------|------------|
| August 1984   | 1000  | 2,750 | 89.9       |
| December 1984 | 1000  | 3,250 | 90.9       |
| April 1985    |       |       | 94.8       |
| July 1986     | 2000  | 4,000 | 97.5       |

2. On the 4 September 2011 the company sold a piece of land for £30,000 that had been bought in November 1991. The whole piece of land cost £50,000 at that time. At the time of the sale the remaining land was valued at £120,000. The relevant RPI for these disposals are as follows:-

(Sept 87 - Sept 11) 1.365

(Nov 91 - Sept 11) 0.715

On the 20 December 2011 the company disposed of an asset for £25,500 (RPI 232.1) incurring incidental costs 3. of sale of £500. The asset had originally been acquired on 15 February 1983 (RPI 83.0) at a cost of £5,000. Enhancement expenditure had been incurred on 10 April 1984 (RPI 88.6) amounting to £2,000.

#### **Required:**

- a) For each of the above disposals calculate the chargeable gains arising.
- b) State the amount of CGT payable and how this liability will be discharged.

2 Marks

12 Marks

c) One of the directors in the company has heard about Entrepreneur's relief that may be available for disposals of capital assets but is unsure how this relief operates for disposals of Capital assets by a company. Outline briefly the conditions to be met to claim entrepreneur's relief and advise if this may be of any relevance in these circumstances.

#### **Question 7**

StudentBounty.com The following multiple choice question consists of TEN parts, each of which is followed by FOUR answers. There is ONLY ONE right answer in each part.

#### Requirement

Indicate the right answer to each of the following TEN parts.

#### N. B. Each part carries 2 marks.

Candidates should answer this question by ticking the appropriate boxes on the special answer sheet which is obtained in the Answer booklet.

- 1. If an accounting period is longer than 12 months which of the following statements show the correct approach for Corporation Tax purposes?
  - So long as the Accounting period does not exceed 18 m the whole period can form one a) Chargeable Accounting Period (CAP).
  - b) The Capital allowances are calculated for the long accounting period and deducted from the adjusted trade profits for the long accounting period. This is then time apportioned into 2 CAPs.
  - c) The trade profits for the long accounting period are time apportioned into two periods. Capital allowances are calculated for the long accounting period and then time apportioned before being deducted.
  - d) The trade profits for the long period are adjusted for tax purpose (before capital allowances) and the result time apportioned. Separate capital allowance computations are carried out for each CAP and then deducted.
- 2. A limited company has the following tax adjusted results for y/e 31 December as follows:-

|                       | 2010   | 2011     |
|-----------------------|--------|----------|
| Trading Income/(Loss) | 26,000 | (64,000) |
| Investment Income     | 22,000 | 17,000   |
| Chargeable Gains      | -      | 14,000   |

The maximum amount of loss that can be set off against taxable total Profits for 2010 is:-

- £26,000 a)
- £33,000 b)
- $\pounds 0$ c)
- d) £48,000

August 2012

#### **Question 7** (*Cont'd*)

3. Where the Chargeable Accounting Period is 9 months long, which of the following is true?

- a) AIA for each acquisition that qualifies would be reduced to  $\frac{9}{12}$  of its cost.
- AIA would be  $\frac{9}{12}$  of its limit i.e.  $\frac{9}{12}$  x £100,000 = £75,000 b)
- 2 StudentBounty.com WDA would be scaled down to  $\frac{9}{12}$  but any Balancing allowances would not be affected. c)
- d) Full AIA and WDA is available subject to limit of £100,000 and 20% of the relevant cost.
- 4. Avalon Ltd is a trading company with one associated company. It has the following results for the CAP 8m/e 31 12 2011

|                  | £       |
|------------------|---------|
| Trading Profits  | 330,000 |
| Chargeable Gains | 40,000  |
| Gift Aid Payment | 10,000  |

Corporation Tax payable will be:

| a) | £91,500 |
|----|---------|
| b) | £87,750 |

- £94,100 c)
- d) £93,600

5. A sole trader has the following tax adjusted profits for the tax years 2010/11 and 2011/12

|                    | 2010/11 | 2011/12  |
|--------------------|---------|----------|
| Trade Profits/Loss | 26,000  | (50,000) |
| Other Income       | 24,000  | 28,000   |

What is the maximum amount of the loss that could be set against the individual's income for 2010/11?

| a) | £20,000 |
|----|---------|
| b) | £22,000 |
| c) | £50,000 |

d) £26,000

August 2012

#### **Question 7** (Cont'd)

6. Frances has been trading in shares of Danko Ltd as follows:

| 15 April 2008    | Purchased 5,000 shares | £15,250 |
|------------------|------------------------|---------|
| 20 October 2011  | Sold 800 shares        | £4,850  |
| 15 November 2011 | Purchased 2,000 shares | £9,200  |
| 30 March 2012    | Sold 6,000 shares      | £25,000 |

The gain on the sale of shares on 20 October 2011 will be:-

- a) £2,410
- b) Nil, as Proceeds  $< \pounds 6,000$
- c) £1,170
- d) £776

**7.** TC Ltd sold a 2 acre plot of land for  $\pounds 40,000$  in June 2011. It was part of a 6 acre plot bought for  $\pounds 90,000$  some years earlier. The remaining 4 acres were valued at  $\pounds 60,000$  in June 2011. Indexation factor to date of sale 0.342. Chargeable Gain/Loss on sale will be:

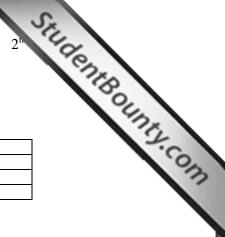

- a) Nil.
- b) Allowable Loss £8,312
- c) Chargeable Gain £4,000
- d) Allowable Loss £36,000

**8.** Clive commenced trading on 1 November 2009. He makes up his accounts to 31 December each year and results for the  $1^{st}$  three accounting periods have been as follows:-

| Period to 31 December 2009 | 1,600  |
|----------------------------|--------|
| Y/E 31 December 2010       | 10,800 |
| Y/E 31 December 2011       | 9,200  |

Taxable profits in his second year of assessment will be:

- a) £10,600
- b) £10,800
- c) £9,200
- d) £11,400

August 2012

**Question 7** (Cont'd)

2 StudentBounty.com 9. In the three months ended 30 June 2011 Mr Andrews makes a total of £400,000 of supplies of which £300,000 are taxable supplies. Input tax payable of £10,000 has been attributed as follows:-

|                                | £      |
|--------------------------------|--------|
| Attributed to taxable supplies | 1,200  |
| Attributed to exempt supplies  | 600    |
| Unattributed VAT               | 8,200  |
|                                | 10.000 |

How much of this Input tax can Mr Andrews recover?

- a) £1,200
- b) £9,400
- c) £7,350
- d) £10,000

10. Alistair Higgins is registered for VAT in the UK and only makes taxable standard rate supplies. He is supplied with services from a German Supplier to the value of £50,000. What are the VAT consequences of the supply?

- a) Mr Higgins will have to account for output tax of  $\pounds 50,000 \times 20\% = \pounds 10,000$  on the supply and also £10,000 of Input Tax may be reclaimed.
- b) As this is traded between EU countries the transaction can be ignored.
- c) Mr Higgins will simply reclaim VAT charged by the supplier as Input Tax in the relevant period.
- d) The German Supplier will treat the goods as an EU export that will be considered Zero Rated. Mr Higgins will have no VAT to pay on the supply.

## Solution 2

### Jenson Limited

StudentBounty.com (a) The company prepares accounts annually to 30 June, so the relevant accounting period will be the year to 30 June 2012. The company's normal tax payment date will be 1 April 2013.

By the end of the accounting period 30 June 2012 the amount owed by the director to the company will amount be £30,000. If the director has not repaid this £30,000 to the company before 1 April 2013 the company will be required to make a tax payment of £7,500 under S455 CTA 2010.

As regards the director's personal position, if the loan has been advanced interest free, a benefit in kind will arise from 10 July 2011 to 5 April 2012 (loan still outstanding at that date). The cash equivalent of the benefit in kind is allocated using HMRC's official rate of Interest (currently 4%). There are two methods of the calculation of the benefit in kind, both shown below:

Average method:

| Balance o/s at start of tax year | 50,000                 |
|----------------------------------|------------------------|
| Balance o/s at end of tax year   | <u>30,000</u>          |
|                                  | $80000 \div 2 = 40000$ |

Av loan o/s 40,000 x 4% = 1,600 x  $^{8}/_{12} = \pounds 1,066$ 

Strict (Statutory) Method:

| 50,000 x 5/12 x 4% | = 833                |
|--------------------|----------------------|
| 30,000 x 3/12 x 4% | $\frac{=300}{1.133}$ |

The company must also pay NI contributions (Class 1A) or the benefit in kind figure at the rate of 13.8% by 19 July 2013

August 2012

**Solution 5** (*Cont'd*)

(3) Kevin – Penalties etc

StudentBounty.com As notification of liability has been given to HMRC before 6 October 2012, Kevin must file his 2012 within 3 months of the date of issue of the return form. The return was issued 15 November 2012 so must be filed before to February 2013.

The return was not filed until 7 April 2013. Kevin is immediately liable to the first £100 late filing penalty. The inspector may apply to the Tribunal Service to impose late filing penalties of £10 per day.

Interest will always be charged from 1 February 2013 to the date of receipt of payment. That date in the case of cheque payments will be the date the cheque has cleared the bank account.

The collector should issue a late payment surcharge notice as all tax due for the year ended 5 April 2012 was not received by 28 February 2013. That surcharge is calculated at 5% of the tax unpaid for that year (it excludes late paid payments on amount).

To qualify for the flat rate scheme the traders VAT EXCLUSIVE turnover must not exceed £150,000 annually. The trader must have been VAT compliant for the previous 12 months and not been convicted of a VAT offence. If the results for Q/E 31 December 2011 are sustained, Tracey may not be able to join the scheme as her turnover in the next year must be £150,000 or less. Here VAT taxable turnover is the total of everything that you sell during the year that is liable for VAT. It includes standard, reduced rate or zero rate sales or other supplies. It excludes the actual VAT that you charge, VAT exempt sales and sales of any capital assets.

If Tracey is allowed to join and she uses the Flat Rate Scheme, you can't normally claim back the VAT you spend on capital assets you buy for your business. This is already taken into account in the flat rate percentage for your type of business. However, you may be able to claim back the VAT on certain capital asset purchases with a VATinclusive price of £2,000 or more. You make these claims by putting the amount of VAT you were charged in Box 4 of your VAT Return.

| Total No. Applied for Exam     | 60               |  |  |  |

The overall performance at this sitting of Advanced Taxation (NI) was not as good as May 2012. The average mark recorded at this session was 47.5% which is disappointing. What certainly is clear is that some students continue to present themselves for examination with continued significant gaps in core knowledge and an inability to answer compulsory questions on the paper.

### **QUESTION 1**

This question was a Corporation Tax question that assessed key aspects of Adjusted Profits computation, treatment of capital allowances and trade losses brought forward. It also tested the treatment of marginal relief and payment date of Corporation Tax liabilities which a large number of candidates did not know.

#### **OUESTION 2**

This guestion dealt with two key issues, namely the treatment of amount loaned and un by a director and calculation of Capital Allowances.

StudentBounty.com Part (a) in particular was very poorly answered and virtually all candidates ignored the question which asked about the tax consequences of the situation from **both** the aspect of the company (distribution) and secondly the director personally (valuation of a benefit in kind). This was the most significant loss of marks in this question and a lot of students did not score at all in part (a). Part (b) on the calculation of Capital Allowances was generally well answered.

#### QUESTION 3

This question was checking on candidate's knowledge of both the Tax and NIC consequences of an employee's remuneration package. Although some candidates found it difficult to identify the offers there was plenty of opportunity to gain marks for the benefits identified. Most notably a lot of students showed poor understanding of Class 1 NIC exemption limits and also the difference in the tax treatment of furnished and unfurnished lettings.

#### **QUESTION 4**

This question was poorly answered by most and in particular it was concerning that a lot of candidates do not know how to deal with share disposals and the need to apply indexation allowance before each operative event in the share pool. Lack of knowledge about indexation allowance was further evident in disposals 2 and 3 in the question. It was pleasing to see most knowing both the rules and conditions necessary to claim Entrepreneurs' Relief and part c to this question was answered well.

#### **QUESTION 5**

This question was not a very popular question only answered by 16 out of the 49 students and dealt Classes 1, 1A, 2 and 4 NIC. Of the candidates answering this guestion not one seemed to understand that an employee does not pay Class 1 NIC on the value of benefits identified and made no reference at all to Class 1A NIC. Similarly, there were very few who mentioned Class 2 NIC (part2) and few who knew on which profit figures Frances would pay Class 4 NIC

In part (3) of the question only a few candidates knew specific dates upon which taxpayers must file returns with HMRC or the consequent penalties, surcharges or interest for non compliance.

#### **QUESTION 6**

Part (a) of this VAT question was generally answered well by all candidates but where marks were lost in parts (b) an (c) were that a lot of candidates had at best sketchy knowledge of what a "Flat Rate Scheme" is and the conditions necessary to join. Very few candidates indeed were able to calculate how the VAT Return would differ if the taxpayer had been registered for such a scheme.

#### **QUESTION 7**

Once again the Multiple Choice question was the by far the most popular question undertaken in the optional Section B of the paper with 84% of candidates electing to answer it. This question was answered well by a lot of the stronger candidates.
