

2006 HIGHER SCHOOL CERTIFICATE EXAMINATION

Industrial Technology Timber Products and Furniture Industries

General Instructions

- Reading time 5 minutes
- Working time $1\frac{1}{2}$ hours
- Write using black or blue pen
- Draw diagrams using pencil
- Board-approved calculators may be used
- Write your Centre Number and Student Number at the top of this page and pages 5, 9, 13 and 17

Total marks - 100

Section I Pages 2–12

60 marks

- Attempt Questions 1–3
- Allow about 55 minutes for this section

Section II Pages 13–20

40 marks

- Attempt Questions 4–5
- Allow about 35 minutes for this section

Section I

60 marks Attempt Questions 1–3 Allow about 55 minutes for this section

Answer the questions in the spaces provided.

Marks

Use the following information to answer Questions 1 and 2.

IND-TECH is a company in the timber products and furniture industry. Competition from cheap imports has led the company to investigate organisational changes to prevent closure. The present workforce is to be retained.

Question 1 (20 marks)

(a)	Identify organisational changes that IND-TECH could make to become more competitive.	2
(b)	Outline reasons why IND-TECH would want to keep their present workforce.	3

Question 1 continues on page 3

Question 1 (continued)							
(c)	Discuss how retraining some of the workforce could help IND-TECH remain competitive.	4					
(d)	Outline possible roles for unions during the organisational change.	4

(d) An extract from a Material Safety Data Sheet (MSDS) for toner is shown.

4

Section VI - Health Hazard Data

Health Hazards (Acute and Chronic): This material when used as intended, does not represent a health or safety hazard.

Signs and Symptoms of Exposure: Nil

Medical Conditions: None when used as described by product literature.

Section VII - Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled: Loose toner can be removed using a vacuum cleaner. Residue can be removed with soap and cold water. After removal of loose toner, garments may be washed or dry-cleaned.

Waste Disposal Method: Do not incinerate. No special techniques beyond normal practice. Ensure conformity with federal, state or local regulations.

Precautions to be taken in Handling and Storing: Avoid inhalation of excessive dust. Store below 30°C.
