One of the missions of the ‘Department of Health & Wellbeing’ is to promote the use of leisure centres to improve the health of the general public. The ‘Department of Health & Wellbeing’s’ senior management has decided that the best way of training the staff is for them to experience the activities and facilities provided by leisure centres. Fifty members of staff have been selected to undergo a training exercise. The training exercise will last for a whole day from 10am to 4pm, with an hour’s lunch break. The event is to take place on Friday 25 January 2019. The total budget for the day is £1500. Each member of staff should take part in four activities during the day. An onsite healthy two-course lunch (main course and dessert) for all 50 participants is also required, where they can all eat together at the same time.

Research results on four leisure centres are shown in TABLE 1 opposite and TABLE 2 on page 4.
