SECTION B

‘GoEatNow’ is a new app-based takeaway delivery service. The app will allow customers to search a range of takeaway outlets and restaurants to find and order a meal.

The USP of the ‘GoEatNow’ service is that all meal options cost less than £20, including delivery. The primary target audience is 16-30-year-old students and young professionals.

The clothing brand ‘Straight Talk Fashion’ is sponsoring the ‘GoEatNow’ app and their brand should be included in the campaign. Star chef, Nathan Dean, who won the national TV competition ‘Britain’s Best Takeaway’, is endorsing the ‘GoEatNow’ service.

‘GoEatNow’ wants the campaign to run for six months before the launch of the app. Social media accounts for Facebook, Twitter, Snapchat and Instagram have been set up.

7* Develop a blended marketing campaign that will promote the launch of the 'GoEatNow' customer app.

In your campaign, you must include the following aspects:

promoting the key objectives of the campaign using creative content

main online and social media channels that will promote the app to the target audience

key milestones and deadlines for the campaign.

You should justify your choices and decisions made. [30]
