Steve would like a new dog. He reads a notice about Kindon Cats and Dogs Home.

## Kindon Cats and Dogs Home

Kindon Cats and Dogs Home has been open for over 120 years.

We usually have 215 dogs and 60 cats on site.

The aim of the Home is to reunite lost cats and dogs with their owners.

If owners cannot be found, we give cats and dogs shelter and veterinary care until we find new homes for them.

We never turn away any dog or cat if we can help it.

Trained members of staff and vets check each new arrival.

In October 2011 a new cattery was opened.

Steve reads a leaflet about preparing his home for a new puppy.

## Preparing your home for a new puppy

- Install locks and safety gates on rooms that you do not want your new puppy to go into
- The puppy should never go into the bathroom - it may drink the toilet water
- Put your remote controls out of your puppy's reach – the batteries can cause burning and poisoning
- In the kitchen be sure to put cleaners and bleach in a cupboard
- In the sitting room make safe any dangling cords and tablecloths
- Check that your house plants are not dangerous for your puppy – azaleas and ivy, for example, can be toxic
