Where do I go?

Patient Information

Apart from seeing your doctor, here are three other routes for medical treatment.

Minor Injuries Unit

If you have grazes and scratches or cuts that need stitches you can get help at this unit.

You can also have treatment for bites, stings and minor burns.

If you have a sprain, we can help with that too.

Walk In Centre

If you are worried about your health and need some advice, the Walk In Centre is here to help you.

Our nurses also suggest treatments for conditions such as eye infections and sore throats.

A and E

For more serious cases such as chest pains and shortness of breath A and E is where you should go.

It is also important to come to A and E if you think you have a broken bone.

Remember: in an emergency, please dial 999.
