Go Veggie

The ~~very~~ ^{report} ~~now~~ ^{write}

The Very Report I now write concerns me, as to why it needs to be said, why questions need to be asked; of course I refer to the killing and slaughter of the poorer animals.

The Go Veggie/animal aid campaign uses a number of ways to persuade the reader to go veggie, in which is the whole point of this campaign and to go veggie is to ~~go~~ save the lives of animals. ✓

~~This~~ The poster/leaflet the campaign has shared uses many pictures and ~~color~~ colors put together to create a good reason to go veggie, it has a lot of green pictures that have text in them giving you points ^{about} ~~and~~ what you're doing for the planet and animals, ~~it refers~~ ^{says} ~~to~~ things like: "you'll save animals' lives" this is the main thing a person would want to say, "you'll improve your health: many people want to go on diets, you'll stay ~~thinner~~ slimmer what better way is there to stay slimmer than to ~~save~~ save an animal's life. it has big bright yellow writing ^{asking} ~~to~~ you to contact them and ~~it~~ go vegetarian. on the reverse side are 4 brief reasons to go vegetarian such as ~~one~~ 1 to save lives, 2 to improve your health and three to protect our planet. those are ~~the main reasons~~ 4 simple things they can tell and have one question to ask: "Will you save the earth, will you go veggie?" ✓
