Dear Council,

I am writing to inform you that recently, as you may have heard there <sup>has</sup> ~~have~~ been a ridiculous amount of traffic accidents involving ~~many~~ young and older children. I don't know about you but I certainly would like to stop this.

I have discussed this with many other parents within my area and they agree

(Section B continued)

too. To prevent these horrific accidents we would like to have a <sup>higher amount of</sup> ~~more~~ speed cameras in the area with the top speed lowered to 30 miles per hour. This is because speed cameras reduce ~~propose~~ speed to the legal limit, this reduces the chance of becoming out of control of your car and hitting someone. We would also like the speed lowered because it is proven that by if hitting someone at 40mph rather than there is a 30% higher chance that you ~~may~~ kill that person.

Another way I feel <sup>we</sup> ~~you~~ could avoid ~~the~~ traffic accidents is by putting a ~~zoo~~ pedestrian crossing by all schools and ~~near~~ where the main location of these accidents are happening, which is by the local shops. This will provide a safe way for children to cross the road, ~~at~~ ~~go~~ without becoming injured or killed.

In addition I believe you can also teach children from primary school

(Section B continued)

to secondary school road safety. This then gives children the benefit of being able to cross a road safely and being able to understand when not to cross, for example; when a car is coming. This will definitely reduce the percentage of traffic accidents within our area.

In conclusion I ~~hope~~ ~~you~~ feel that the ideas I have given you should be taken into consideration. ~~Those~~ Those are not just my views they are many other parents within the area. We would like to see a percentage decrease in traffic accidents involving children in this area.

Yours faithfully

Henry Goodwin.
