extract

(A) in the Extract Shylock is trying to get his bond on Antonio and in this extract you learn that Antonio is a Scared Man as he is saying "Hear me yet good Shylock" he is saying Shylock is a good man but he and Antonio is scared so he is trying to be nice to Shylock so he won't go on with the bond but in the end Antonio realizes that he isn't getting any where so he just gives up. Even though his friends are still trying to get Shylock not go through with it. For example in the extract Antonio says "let him alone: I'll follow him no more with bootless prayers". What he is trying to say here is that everyone should stop begging Shylock as he doesn't care and Antonio is not going to beg for his life anymore. Also Antonio is trying to play the Surfer act so Shylock would feel guilty which in the end Shylock wouldn't go

through with it. So in the end Antonio begs for his life at the start but then gives up as he knows Shylock ^{is not} ~~at~~ gonna stop. and just says go ~~through~~ with it "therefore go" ^{means get on with it.}

In the play when Antonio prays for his life I think he is on his hands and knees moving closer to Shylock ^{begging with} ~~says~~ a soft voice but scared like he has something in the back of his throat and can't speak "I pray thee hear me speak" with a calm face as he don't want to show that he is scared. Shylock is standing in front of him with his hand out and a angry voice at the end of the speech when he says I will have my bond. and then steps back and looks down and gives Antonio a dirty look as if he is a tramp on the street.

in the an other part of the
play antonio gets his justice
and Shylocke dont get his pound
of flesh or his money and
it is important to have justice because
antonio says "will much impeach the
justice of the state since the trade
and profit of the City consisteth of
all nations" what he is trying
to say is if there's no justice
the the bad people will get
away with what they had done
like Shylocke he wanted to take
his pound of flesh killed antonio
