INSTRUCTIONS FOR TEACHERS

This booklet is for the use of the teacher who will conduct the Speaking Tests in German. In order that teachers have time to prepare for the tests, the examination material may be opened, if the teacher so wishes, up to three working days before the five-week period in which tests for each language are to be conducted. For the 2006 examination, therefore, teachers may have access to the material from **Wednesday 22 March** onwards. However, the conduct of the tests must **not** take place until **Monday 27 March**.

GENERAL

The Head of Centre is responsible for appointing the examiners to conduct the Speaking Tests. Normally this will be the candidates' own teacher; however, if this is not possible, another teacher should be appointed.

The Speaking Tests may be conducted at any time between **27 March and 12 May 2006**. They are recorded on cassette tapes supplied by AQA. As soon as all the tests for each language are completed, the tapes must be posted **immediately**, together with the Attendance/Mark Lists, to the appropriate examiner using the label(s) supplied.

The Speaking Test consists of one role play and a conversation. Foundation Tier tests will last up to 5 minutes and Higher Tier tests will last up to 8 minutes.

Candidates should be allowed a preparation time of 5 minutes (Foundation Tier) or 8 minutes (Higher Tier). Normally, this will be during the previous candidate's test. Candidates must be supervised during their preparation time.

As the time allowances for the Foundation and Higher Tests are different, groups of candidates doing the Foundation Test should be examined separately, and on a different cassette, from those taking the Higher Test.

Candidates are not allowed to use a dictionary at any time during their preparation period or test. They may make notes during their preparation period and these may be taken into the test. Any notes used must be handed to the teacher at the end of the test.

ALLOCATION OF CARDS TO CANDIDATES

There are 6 Foundation Role Play Cards, labelled Card 1 to Card 6, 6 Higher Role Play Cards labelled Card 7 to Card 12 and 6 Conversation Cards, labelled Card A to Card F. Cards must be allocated to candidates according to the table on page 3.

Foundation Tier candidates must have only the Foundation Tier Role Play and Conversation Cards; Higher Tier candidates must have only the Higher Tier Role Play and Conversation Cards.

The cards are changed after every third candidate. If a break in testing occurs (e.g. overnight, lunch etc.) in the sequence of three, **the teacher must start again after the break at the beginning of the next series of three in order to maintain security**. In other words, the candidate whose test is after the break should not have the same cards as the candidate who was examined before the break.

In the table below *Candidate Order* refers to the sequence in which candidates are examined by each teacher (not for the centre as a whole).

Candidate Order	Foundation Role Play Cards 1 – 6	Higher Role Play Cards 7 – 12	Conversation Cards A – F

GUIDANCE FOR TEACHERS

Role Plays

General

Six Role Play Cards are provided at each tier. Candidates' instructions on the Role Play Cards are in English at Foundation Tier and German at Higher Tier.

Each candidate completes one role play and cards must be allocated to candidates in the sequence prescribed on page 3.

Foundation Tier Role Play

The **teacher's script** is brief and **prescriptive**. Teachers should not alter it other than to help the role along when a candidate is unable to cope with a particular task. If a candidate is unable to cope, the teacher should move the role on with an appropriate phrase, without providing the vocabulary needed for the next task. The candidate will not receive credit for saying something which has been provided by the teacher in the form of a prompt. The prompt should be clear and present no hurdles of understanding to the candidate.

Higher Tier Role Play

In each role play there are **two teacher interventions**, i.e. two questions from the teacher to which the candidate has to respond without the opportunity for preparation. These are printed in bold in this booklet. Each teacher intervention is worth two marks and requires **one detail** from the candidate. A large exclamation mark on the candidate's card indicates where in the role play the candidate can expect the teacher intervention.

The **teacher interventions may not be altered in any way**. Each intervention may be repeated once if the candidate has failed to understand it but may not be re-worded.

Conversation

Six different Conversation Cards are provided at each tier. Each candidate has one card which should be allocated according to the sequence prescribed on page 3.

There are **two topics** on each card, one from Group A and one from Group B, as follows:

Group A	Group B
Self, Family and Friends	The Environment
Education	Health
Career and Future Plans	Youth Culture

Candidates must cover both topics.

Suggested questions are provided for teachers, showing a range of the type of questions which could be asked on each topic, but these are not prescriptive and teachers are free to develop the Conversation in their own way as long as they stay within the two topic areas. Teachers should provide opportunities for candidates to use a variety of tenses where appropriate.

In the Conversation teachers are free to use whichever form of address they normally use with their candidates, informal or formal.

At Foundation Tier the Conversation should last between 2 and 4 minutes and at Higher Tier 5 to 7 minutes. On occasion, with candidates of the lowest ability, it may not be appropriate to take the full amount of time. However, the maximum time limit should not be exceeded. **Any material beyond the time limit will not be assessed.**

The topics on the Conversation Cards are the same for both tiers but the questions should be pitched according to tier. The Foundation Tier topics are printed in English and the Higher Tier topics are printed in German. The suggested questions provided give examples of three types of questions:

- those most appropriate to the beginning of a conversation at Foundation Tier
- those which should be asked of a Foundation Tier candidate in the latter part of the Conversation, or a Higher Tier candidate at the start of the Conversation
- those appropriate only for Higher Tier candidates.

Candidates should be given roughly equal opportunity and time on both topics on the card since Communication marks are awarded for each topic separately. If only one topic is covered, therefore, the candidate will not have access to the full range of marks. While examiners will be generous in interpreting the relevance to the specified topics of what a candidate says, **if a candidate clearly addresses neither topic, no marks can be awarded.**

As far as possible a conversation should be an interchange between teacher and candidate, and not a monologue. There should be an appropriate balance between pre-learnt material and spontaneous conversation, between too few and too many questions.

Checklist

The instructions on the next page are just a checklist. For the complete instructions, refer to the booklet *Instructions for the Specification B AQA Examinations for Certification in 2006*, which is issued to all centres in the Spring Term.

CHECKLIST
