Guidance

Your task should focus on the life stage of infancy and address the following:

- growth and development during infancy
- the needs of infants and how they may be met in an early years setting
- current breastfeeding strategy for Northern Ireland focusing on the benefits of breastfeeding
- a healthy diet in infancy
- accessing services
- how the Sure Start programme supports parents and infants
- funding arrangements for the private sector
- roles, responsibilities, skills and qualities of health professionals and early years workers
- the application of the values and principles of the early years and children's services sector
- how midwives may apply the following areas from the NMC Code of Professional Conduct (May 2008) in their work:
 - respect the client as an individual
 - maintain professional knowledge
 - obtain consent before giving treatment
- types of support available to infants and their mothers
- child protection policies in early years settings
- Anti-Poverty and Social Inclusion Strategy for Northern Ireland focusing on the targets and support for parents in early years (0–4)

This information will be assessed by a 1 hour 30 minutes examination paper: Unit DA2: Promoting Quality Care.
