Guidance

Your task should focus on the life stage of infancy and address the following:

- growth and development during infancy
- the needs of infants and how they may be met in an early years setting
- current breastfeeding strategy for Northern Ireland focusing on the benefits of breastfeeding
- a healthy diet in infancy
- accessing services
- how the Sure Start programme supports parents and infants
- funding arrangements for the private sector
- roles, responsibilities, skills and qualities of health professionals and early years workers
- the application of the values and principles of the early years and children's services sector
- how midwives may apply the following areas from the NMC Code of Professional Conduct (May 2008) in their work:
 - respect the client as an individual
 - maintain professional knowledge
 - obtain consent before giving treatment
- types of support available to infants and their mothers
- child protection policies in early years settings
- Anti-Poverty and Social Inclusion Strategy for Northern Ireland focusing on the targets and support for parents in early years (0–4)

This information will be assessed by a 1 hour 30 minutes examination paper: Unit DA2: Promoting Quality Care.

Joshua is one year old. He lives with his mother and father. His mother works three mornings a week and during this time Joshua stays with a childminder.

- (a) Infancy is from 0 to _____ years. [1]
- **(b)** When Joshua had a rash his mother took him to see their family doctor.
 - (i) Identify this type of referral.

 [1]
 - (ii) The doctor was concerned about Joshua. Explain what type of referral the doctor might make for further investigation.

_____[2]

Disc	cuss how you would expect Joshua to grow and develop physically	
luri	ng his first year of life.	
	[0]	
	[6]	

)	Joshua was breastfed until he was 6 months old. A breastfeeding strategy is in place to help promote and support breastfeeding in Northern Ireland.	Examiner Only Marks Remar
