Paper 1 (Foundation Tier)

MONDAY 10 JANUARY 2011: Afternoon

DURATION: 1 hour

SUITABLE FOR VISUALLY IMPAIRED CANDIDATES

Candidates answer on the question paper.

OCR SUPPLIED MATERIALS:

Diagram Booklet (inserted)

OTHER MATERIALS REQUIRED:

None

READ INSTRUCTIONS OVERLEAF

INSTRUCTIONS TO CANDIDATES

- Write your name, centre number and candidate number in the boxes on the first page. Please write clearly and in capital letters.
- Use black ink. Pencil may be used for graphs and diagrams only.
- Read each question carefully. Make sure you know what you have to do before starting your answer.
- Write your answer to each question in the space provided. Additional paper may be used if necessary but you must clearly show your candidate number, centre number and question number(s).
- Answer **ALL** the questions.

INFORMATION FOR CANDIDATES

- The number of marks is given in brackets [] at the end of each question or part question.
- The total number of marks for this paper is **60**.
- No marks will be awarded for using brand names of software packages or hardware.

- 1 Sue uses the computer system shown in Figure 1 in the separate diagram booklet to copy music files to her portable music player.**

- (a) Tick ONE box in each row to show whether the item is used for storage, input, or output. [5 marks]**

ITEM	STORAGE (✓)	INPUT (✓)	OUTPUT (✓)
24 in LCD monitor			
40 Gb hard disk			
CD-ROM			
Keyboard			
Mouse			

- (b) Sue uses the portable music player while away from her computer.**

Identify ONE other output device she will need to listen to her music from her music player. [1 mark]

- (c) Sue copies her music CDs and gives them to her friends.**

Why is it wrong for her to do this? [2 marks]

- (d) Sue copies the CD artwork onto her computer system.**

Identify the device shown in the picture of her computer system in Figure 1 that she would use to do this. [1 mark]

- (e) Sue tries to print the CD artwork but no printouts come out of the printer.
Give THREE possible reasons why Sue failed to get a printout from her printer. [3 marks]**

Reason 1 _____

Reason 2 _____

Reason 3 _____

- 2 Draw a line from each of the tasks in the left-hand column below to the most suitable software to carry out the task in the right-hand column below. [5 marks]**

TASK	SOFTWARE
Creating 3D drawings of a new kitchen	Email client
Creating a booklet	Web browser
Editing an image	Graphics package
Looking at information on the internet	Computer Aided Design (CAD)
Sending electronic messages over the internet	Desktop publishing (DTP)

- 3 The spreadsheet in Figure 2 in the separate diagram booklet is used by a bookshop to create an invoice. The totals in column D are calculated using formulas.**

(a) Which row contains only labels? [1 mark]

(b) Identify ONE row that contains labels, values AND formulas. [1 mark]

(c) Give the cell reference of ONE cell that is formatted as currency and give ONE reason for it being formatted in this way. [2 marks]

CELL _____

REASON _____

(d) The Tax Rate on services has been increased to 17.5%.

(i) Give the cell reference of the cell that must be changed. [1 mark]

(ii) Give the cell reference of the TWO cells that will automatically change as a result. [2 marks]

CELL _____

CELL _____

- (e) The company gives a 5% discount for orders over £1000 using this formula in D14:

=IF(D7>1000, D7*0.05, 0)

The discount is to be changed. Customers will now get 4% discount for orders over £1200.

Write down the new formula that is needed in cell D14. [3 marks]

- 4 Tick ONE box in each row to show whether the feature applies to email or fax. [3 marks]

FEATURE	EMAIL (✓)	FAX (✓)
It can be used to send the same document to many people at the same time		
It can be used to send video files as attachments		
It immediately creates a hard copy printout of the sender's document for the recipient		

5 Files can be moved from one computer to another by copying them onto a portable storage medium.

(a) Identify TWO suitable portable storage media that could be used. [2 marks]

1 _____

2 _____

(b) Describe ONE other way of moving the files from one computer to another. [2 marks]

6 The table below shows instructions used to move a turtle on a grid.

Instruction	Short Instruction	Meaning
REPEAT n []	REPEAT n []	Repeat the instructions in square brackets n times
FORWARD n	FD n	Move n units forwards
BACKWARD n	BK n	Move n units backwards
LEFT n	LT n	Turn left n degrees
RIGHT n	RT n	Turn right n degrees

Using the instructions given in the table, write down the instructions that would be needed to make the turtle start at X and move around the shape shown in Figure 3 in the diagram booklet and end up back as it started.

Write your answer below, the first instruction has been done for you: [6 marks]

FD 2

- 7 Identify TWO methods that might be used to input data to set a burglar alarm system and give ONE benefit of each method. [4 marks]

METHOD 1 _____

BENEFIT _____

METHOD 2 _____

BENEFIT _____

- 8 A home computer network is connected to the internet. Explain how private information on this home computer network can be protected from viewing by unauthorised persons. [6 marks]**

- 9 A geography student wants to record some measurements of the weather at school using sensors. She wants to use a computer system to collect the data from the sensors at the same time each day.**
- (a) Describe how she would set up the computer system and sensors to collect her measurements.**

You may, if you wish, use the space facing the lines to draw a clear, labelled diagram to help you when answering this question. [6 marks]

TURN OVER FOR NEXT QUESTION

- (b) (i) Give TWO advantages of using a computer system to collect the weather data from the sensors rather than collecting it manually. [2 marks]**

ADVANTAGE 1 _____

ADVANTAGE 2 _____

- (ii) Give TWO disadvantages of using a computer system to collect the data about the weather from the sensors rather than collecting it manually. [2 marks]**

DISADVANTAGE 1 _____

DISADVANTAGE 2 _____
