Read the following information about the Blue Planet Aquarium before answering Question 1(e).

Blue Planet Aquarium

The aquarium includes the following ...

Freshwater Rivers & Streams

The first part of Blue Planet Aquarium introduces you to freshwater life. You will see some of the fish, such as trout and pike, and other small animals such as frogs and newts that live in the rivers and streams of the UK.

Otters

Our otter enclosure is one of the largest in the UK and is home to our Asian Short-Clawed Otters. We have recently welcomed four new otters into the Blue Planet Otter Family. We now have six otters in total.

Aquatunnel

Fish from the oceans and seas can be seen in the Aquatunnel, one of the longest underwater tunnels in the world. You'll be taken on a spectacular underwater safari by our moving walkway and everywhere you look you'll find amazing tropical fish and awesome sharks staring back at you!

Reef Magic

'Reef Magic' will educate and amaze you. The living exhibit has over 15 different species of fish and 20 different types of coral. The main attractions are a 2,000 litre tank which allows visitors to view every angle of this living exhibit, and a 4,000 litre tank which features corals and fish exclusively from the Red Sea.

Octopus Adventure Play Park

Come and explore our Octopus Island with its ship-wreck, bouncy whales, wobbling crocodiles, monkey bars and slides!!! This is no ordinary play park!! Children will have hours of fun discovering new things at this fantastic state-of-the-art adventure playground.
