

- 1 • The magazine has a main image of a woman to show that it is a lifestyle magazine.  
• It tells people about their hair and body. It also shows and tells you how you could eat healthy.

2 layout - It has a big picture on the front cover of a woman so it can attract people to read it straight away.

Typography - All of the writing in the magazine are mainly ~~each~~ Bold and big so more people would read it.

Use of language - ~~The~~ the magazine is mainly about hair and beauty so the magazine is based on women.

Use of colour - The colour of writing is bright and colourful so it would attract a lot of people to read the magazine.

3 The magazine tells you how you can get fit and how to look good, also how to eat healthy. It tells you about real people's lives and how they became fit and healthy.

4A Some comedies are shown on one or more channels because they are popular and lots of people watch them, or that it is a family comedy and more people would watch the programme because it would be funny. Some comedies get played on more than one channel, they are mainly family comedies so that the whole family could watch, most adverts would want to be on mainly when a programme ~~on~~ is on that has a large amount ~~of~~ of viewers so that it will be more recognised.
