

General Certificate of Secondary Education
2011–2012

Science: Single Award (Modular)

Human Activity and Health
Module 2

Higher Tier

[GSC22]

TUESDAY 15 MAY 2012
9.15 am–10.00 am

**MARK
SCHEME**

			AVAILABLE MARKS														
1	(a) (i) Passive – injection of antibodies/mother's milk; Active – catching the disease/named disease/illness	[2]															
	(ii) passive immunity is faster acting; passive immunity lasts for a shorter period of time/ not permanent	[2]															
	(b) (i) antibodies same shape/complementary to antigens; combine with antigen/microbe; clump bacteria together/stop them spreading in body	[3]															
	(ii) phagocytosis	[1]	8														
2	(a) (i) extent of ice platform decreases with time	[1]															
	(ii) ice platform decreases/less ice/ice melting; increased carbon dioxide levels in atmosphere/traps heat; increased combustion/ deforestation/reduced photosynthesis	[3]															
	(b) (i) ice too thin (to support weight)/ice breaks/polar bears too heavy	[1]															
	(ii) endangered/extinct	[1]															
	(iii) non-living factor	[1]	7														
3	(a) (i) tube A	[1]															
(ii)	<table border="1" data-bbox="287 1230 1224 1888"> <thead> <tr> <th>Action</th><th>Tick</th></tr> </thead> <tbody> <tr> <td>Same type of broth used in all tubes</td><td>✓</td></tr> <tr> <td>Same volume of broth used in all tubes</td><td>neutral (either alternatives allowed)</td></tr> <tr> <td>Tubes kept in darkness during the investigation</td><td></td></tr> <tr> <td>Tubes kept in bright light during the investigation</td><td></td></tr> <tr> <td>Tubes kept at the same temperature during the investigation</td><td>✓</td></tr> <tr> <td>Tubes left for same length of time during the investigation</td><td>✓</td></tr> </tbody> </table>	Action	Tick	Same type of broth used in all tubes	✓	Same volume of broth used in all tubes	neutral (either alternatives allowed)	Tubes kept in darkness during the investigation		Tubes kept in bright light during the investigation		Tubes kept at the same temperature during the investigation	✓	Tubes left for same length of time during the investigation	✓		
Action	Tick																
Same type of broth used in all tubes	✓																
Same volume of broth used in all tubes	neutral (either alternatives allowed)																
Tubes kept in darkness during the investigation																	
Tubes kept in bright light during the investigation																	
Tubes kept at the same temperature during the investigation	✓																
Tubes left for same length of time during the investigation	✓																
	(all correct = 2; 1 mistake = 1)	[2]															
	(b) Fleming; observed that (substance diffusing from) fungus restricted growth/killed bacteria; substance isolated/purified (any two)	[2]	5														

		AVAILABLE MARKS
4	(a) (i) affects trees/fish (organisms in water or on land)/buildings (ii) SO ₂ dissolves/(acid rain) forms in clouds; clouds move	[1] [2]
	(b) (i) little difference between 15-20, 21-40, 41-60 groups; 60+ group lower (ii) 10% decrease (iii) nicotine	[2] [1] [1]
	(c) (i) cannot spray near water; no spraying in winter/closed periods; when plants can't grow/when too wet/rain forecast/frozen fields; efficient storage of fertiliser/slurry; prevents/reduces leaching/run-off into rivers (<i>any three</i>) (ii) growth of algae/harms/death of fish/eutrophication/affects taste/harmful to babies	[3] [1]
		11
5	(a) (i) better 'heads'/crop/better quality/better harvest; more profit; shorter plants/more even heights; easier to harvest/less likely to suffer wind damage; (ii) Artificial selection is faster/caused by man	[4] [1]
	(b) (i) Axis scaled = 1; all points accurately plotted = 2; (one error = 1; line accurately drawn point to point = 1 (ii) easier to process/harvest/package/more marketable	[4] [1]
		10
6	<i>in vitro</i> testing is testing on cells/in laboratory; animal testing as whole body system/avoids human testing; (clinical) tests on patients/volunteers; for side effects/effectiveness (applies to 2nd or 3rd point)	[4]
		4
	Total	45
