Note to teachers and students on the use of published marking schemes

Marking schemes published by the State Examinations Commission are not intended to be standalone documents. They are an essential resource for examiners who receive training in the correct interpretation and application of the scheme. This training involves, among other things, marking samples of student work and discussing the marks awarded, so as to clarify the correct application of the scheme. The work of examiners is subsequently monitored by Advising Examiners to ensure consistent and accurate application of the marking scheme. This process is overseen by the Chief Examiner, usually assisted by a Chief Advising Examiner. The Chief Examiner is the final authority regarding whether or not the marking scheme has been correctly applied to any piece of candidate work.

Marking schemes are working documents. While a draft marking scheme is prepared in advance of the examination, the scheme is not finalised until examiners have applied it to candidates' work and the feedback from all examiners has been collated and considered in light of the full range of responses of candidates, the overall level of difficulty of the examination and the need to maintain consistency in standards from year to year. This published document contains the finalised scheme, as it was applied to all candidates' work.

In the case of marking schemes that include model solutions or answers, it should be noted that these are not intended to be exhaustive. Variations and alternatives may also be acceptable. Examiners must consider all answers on their merits, and will have consulted with their Advising Examiners when in doubt.

Future Marking Schemes

Assumptions about future marking schemes on the basis of past schemes should be avoided. While the underlying assessment principles remain the same, the details of the marking of a particular type of question may change in the context of the contribution of that question to the overall examination in a given year. The Chief Examiner in any given year has the responsibility to determine how best to ensure the fair and accurate assessment of candidates' work and to ensure consistency in the standard of the assessment from year to year. Accordingly, aspects of the structure, detail and application of the marking scheme for a particular examination are subject to change from one year to the next without notice.

GENERAL PRINCIPLES AND MARKING SCHEME

GENERAL PRINCIPLES

1. **The procedure for marking** will consist of:
 - (a) Careful reading and analysis of all answers;
 - (b) Allocation of marks to the components according to the agreed scheme;
 - (c) Addition of the marks with attention to:
 - (i) Maximum per section; (ii) Maximum per question.
2. **Components**
 - (a) Facts
 - (i) Identification of visually presented data; (ii) Stating facts.
 - (b) Significant Relevant Statement (SRS)
 - (i) A significant fact, aspect or phase of the topic;
 - (ii) An explanation of a term or concept relevant to the topic;
 - (iii) A valid interpretation/comment/opinion/judgement relevant to topic;
 - (iv) 2/3 tentative statements of fact, etc;
 - (v) An important cause/effect;
 - (vi) A pertinent, relevant map/illustration (may merit > 1 SRS)
 - (vii) Valid introductory material.
3. **Marking**
 - (a) Answers are awarded:
 - (i) A Cumulative Mark (CM);
 - (ii) An Overall Mark (OM).
 - (b) The Cumulative Mark (CM)
Starting from the beginning of the answer, tick clearly thus () each SRS.
Award the mark/s agreed on the marking scheme to each SRS.
 - (c) The Overall Mark (OM)
In making a judgement on OM, the examiner must consider the quality of the answer in the light of the set question/item. Note that answers earning maximum marks on CM need not necessarily earn full marks on OM.
The total awarded for CM and OM must be shown separately.
 - (d) Total the marks awarded to each part of the question in the right-hand margin thus: four marks to be shown as < 4. Then proceed to mark the remainder. Put the grand total for the question, for example (30), on the left-hand margin near the question number.
 - (e) Read all answers, even excess, repeated or cancelled. The answer gaining most marks is accepted within the rubrics of the examination paper.

4. PEOPLE IN HISTORY (50 marks – 25 marks x 2)

Follow the principle of **Significant Relevant Statement (SRS)** from page 2.

**Full SRS must be
a significant and developed fact relevant
to the chosen heading.**

Examiners are not expected to “read between the lines” in order to infer meaning or significance.

Full SRS = 4 marks Max CM = 4M x 5 = 20M

Cumulative mark (CM) = 20 marks Overall mark (OM) = 5 marks

Overall mark (OM):

Very Good – Excellent = 5	Borderline Pass = 2
Good – Very Good = 4	Some merit, but less than Pass = 1
Fair – Good = 3	Little or no merit = 0

Do not assume that an answer with maximum CM marks should automatically earn full OM marks. Exercise professional judgement in award of OM.

Note that an answer may contain 5 full SRS, but it might not be a thorough or complete account overall. For example, an answer to B(i) may earn full CM marks on the early life of George Washington alone, but an answer exclusively on his early life would hardly attract a good/very good OM.

For background material: Award one SRS only.

Candidates must answer one from Section A and one from Section B

SECTION A

- A (i) An archaeologist at work. Any aspects of an archaeologist’s work may be relevant.
- A (ii) A person living in Celtic Ireland. Beware of vagueness and of answers which do not deal directly with Celtic Ireland.
- A (iii) A named artist during the Renaissance. The artist must be **named** and the answer must clearly relate to the chosen person.

SECTION B

- B (i) The revolutionary leader must be **named** and the answer must clearly relate to the chosen person.
- B (ii) A person living in Ireland during the Famine. Beware of vagueness and of answers which do not deal directly with Famine Ireland.
- B (iii) A political leader from outside Ireland, 1920-1985. All aspects of that person's life are acceptable.
