PLEASE NOTE:

In reading this marking scheme, the following points should be noted:

- A **forward slash /** before an answer indicates that the answer is synonymous with that which preceded it or is an alternative answer. Answers separated by a forward slash cannot therefore be taken as different answers.
- A **dash -** before an answer indicates that the answer is a separate answer, which may be considered as independent of any other suggested answers to the question.
- **Rounded brackets ()** indicate material which is not considered to be essential in order to gain full marks.
- **Square brackets []** show a breakdown of marks within the question **or** give further clarifications for marks to be awarded for certain answers to that question.
- Underlined words are necessary for full marks.
- **N.B. In all Sections of the examination the answers given on the marking scheme should not be considered as the only possible answers that may be accepted. Answers which are synonymous with or equivalent to those on the published marking scheme are also acceptable. Examiners should mark positively.**

In developing the marking scheme the following should be noted:

- *In many cases only key phrases are given which contain information and ideas that must appear in the candidate's answer in order to merit the assigned marks*
- *The descriptions, methods and definitions in the scheme are not exhaustive and alternative valid answers are acceptable*
- *The detail required in any answer is determined by the context and the manner in which the question is asked, and by the number of marks assigned to the answer in the examination paper. Requirements and mark allocations may, therefore, vary from year to year.*
- *Words, expressions or phrases must be correctly used in context and not contradicted, and where there is evidence of incorrect use or contradiction, the marks may not be awarded.*
