Globale assessorering van opstelle

Die opstelle sal holisties (globaal) geassesseer word. Hierdie benadering vereis dat die opvoeder die totale produk as 'n geheel sal bepunt sonder om die samestellende dele te merk. Hierdie benadering moedig die leerder aan om 'n individuele mening aan te bied deur gebruik te maak van geselekteerde feitlike bewyse om 'n argument te ondersteun. Van die leerder sal nie verwag word om slegs "feite" uit te spoeg om sodoende 'n hoë punt te behaal nie. Dit sal leerders ook ontmoedig om "modelantwoorde" voor te berei en dit dan te reproduuseer, sonder inagneming van die spesifieke vereistes van die vraag. Die holistiese nasien van opstelle gee krediet vir leerders se mening. Holistiese assessorering, anders as inhoudgebaseerde nasien, penaliseer nie taalontoereikendhede nie, aangesien die klem op die volgende val:

- die bespreking/verklaring;
- die toepaslike seleksie van feitlike bewyse om so 'n bespreking/verklaring te ondersteun.

Assesseringsprocedures van 'n opstel

1. Hou die sinopsis in gedagte wanneer die opstel nagesien word.
2. Met die eerste deurlees van die opstel moet regmerkies toegeken word vir 'n relevante inleiding (in riglyne vir nasien/ memorandum aangedui met 'n 'bullet') vir elke hoofmoment (in riglyne vir nasien memorandum aangedui met 'n 'bullet') 'n relevante slotopmerking (in riglyne vir nasien memorandum aangedui met 'n 'bullet') bv. in 'n antwoord met 5 hoofmomente sal daar 7 regmerkies wees.

Die volgende addisionele simbole kan ook gebruik word:

- inleiding, hoofaspekte en slotopmerking nie behoorlik gekontekstualiseer nie 
- verkeerde stelling 
- irrelevante stelling 

- herhaling R
- analyseer A✓
- interpretasie 1✓

Met die eerste deurlees van 'n opstel word daar ook bepaal in watter mate die hoofmomente gedek is en die inhoudsvlak (op die matriks) word toegeken.

A	VLAK 1	

Die tweede deurlees van 'n opstel sal die vlak (op die matriks) van die aanbieding.

Die matriks

Die kriteria waarvolgens die opstel geassesseer sal word, is m.b.v. 'n matriks georden en die matriks sal gebruik word vir die toekenning van 'n simbool aan 'n opstel. Beide die inhouds- en aanbiedingsasse is in sewe vaardigheidsvlakke verdeel. Elke vlak met sy kriteria wat gebruik sal word om 'n opstel te assesseer.

Global assessment of essays

The essays will be assessed holistically (globally). This approach requires the educator to score the overall product as a whole, without scoring the component parts separately. This approach encourages the learner to offer an individual opinion through using selected factual evidence to support an argument. The learner will not be required to simply regurgitate "facts" in order to achieve a high mark. It will also discourage learners to prepare "model" answers and reproduce them without taking into account the specific requirements of the question. Holistic essay marking credits learners' opinions. Holistic assessment, unlike content based marking, does not penalise language inadequacies as the emphasis is on the following:

- the discussion/explanation;

- the appropriate selection of factual evidence to support such a discussion/explanation.

Assessment procedures of an essay

1. Keep the synopsis in mind when assessing the essay.
2. During the first reading of the essay ticks need to be awarded for a relevant introduction (indicated by a bullet in marking guideline/ memorandum) each of the main points/ aspects that is properly contextualised (also indicated by bullets in marking guideline/ memorandum) a relevant conclusion (indicated by a bullet in marking guideline/ memorandum) e.g. in an answer where there are 5 main points there will be 7 ticks.
3. The following additional symbols can also be used:
 - introduction, main aspects and conclusion not properly contextualised
 - wrong statement
 - irrelevant statement

— — —

- irrelevant statement

— — —

- repetition R
- analysis A\
- interpretation I\

4. The first reading of an essay will also be to determine to what extent the main aspects have been covered and to allocate the content level (on the matrix).

C	LEVEL 3	
P	LEVEL 1	

5. The second reading of an essay will relate to the level (on the matrix) of presentation.

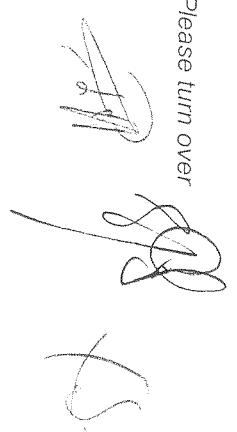

C	LEVEL 3
P	LEVEL 1

6. Allocate an overall symbol and mark with the use of the matrix.

C	LEVEL 3	B+
P	LEVEL 1	39

The matrix

The criteria according to which the essay will be assessed are organised within a matrix and the matrix will be used to allocate a symbol to an essay. Both the content and presentation axes are divided into seven competency levels. Each with criteria that will be used to assess an essay.
