The Test

1 Preparation

- (a) Write your name and candidate number on the envelope provided.
- (b) Select and separate pattern pieces 1, 2, 3, 4 and 5 for the shirt.
- (c) On pattern piece 1, on the front cutting line, measure down from the centre of the double notches 5 cm, mark with a pencil. Measure down 2.5 cm from the centre of the notch (size 12) on the side seam, mark with a pencil. Using a ruler draw a slanting line across these marks and cut off the bottom of the pattern. Keep the piece labelled 1.
- (d) On pattern piece 4, measure 5 cm down from the centre of the double notches, mark with a pencil. Measure 25.5 cm up from the bottom of the unnotched edge of the facing, mark with a pencil. Draw a slanting line across and cut off the bottom of the pattern. Keep the piece labelled 4.
- (e) On pattern piece 2, the side seam, measure down 2.5 cm from the notch (size 12), mark with a pencil. On the centre back fold line measure 25.5 cm up from the hem and mark with a pencil. Using a ruler draw a straight line across and cut off the bottom of the pattern. Keep the piece labelled 2.
- (f) On pattern piece 5 cut through the cutting line for the short sleeve, view B. Keep the piece labelled 5.
- (g) On pattern piece 3, the collar, draw a straight line under collar – ABC and use as the straight grain line.

2 Cutting out

- (a) Place the pattern pieces on the fabric as shown in the layout. For the purpose of this test place pattern pieces 1 and 2 to the selvedge.
- (b) Cut out the right half of the shortened shirt, **size 12**.
- (c) Transfer the pattern markings which are needed for making up the test.
- (d) Cut out the interfacing for the collar as shown in the layout.

For the purpose of this test the front is not to be interfaced.

Stay-stitch the front and back neck edges 1.3 cm from the cut edge.

(b) Shoulder seam

(ii) Secure the front facing to the shoulder seam on the wrong side.

(h) Setting in the sleeve

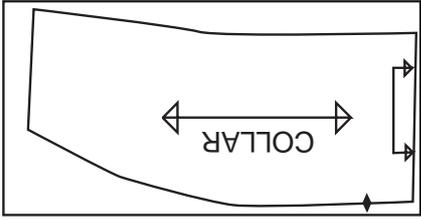

(i) Set the sleeve into the armhole, matching the notches and balance marks.

(ii) **Do not neaten or trim this seam.**

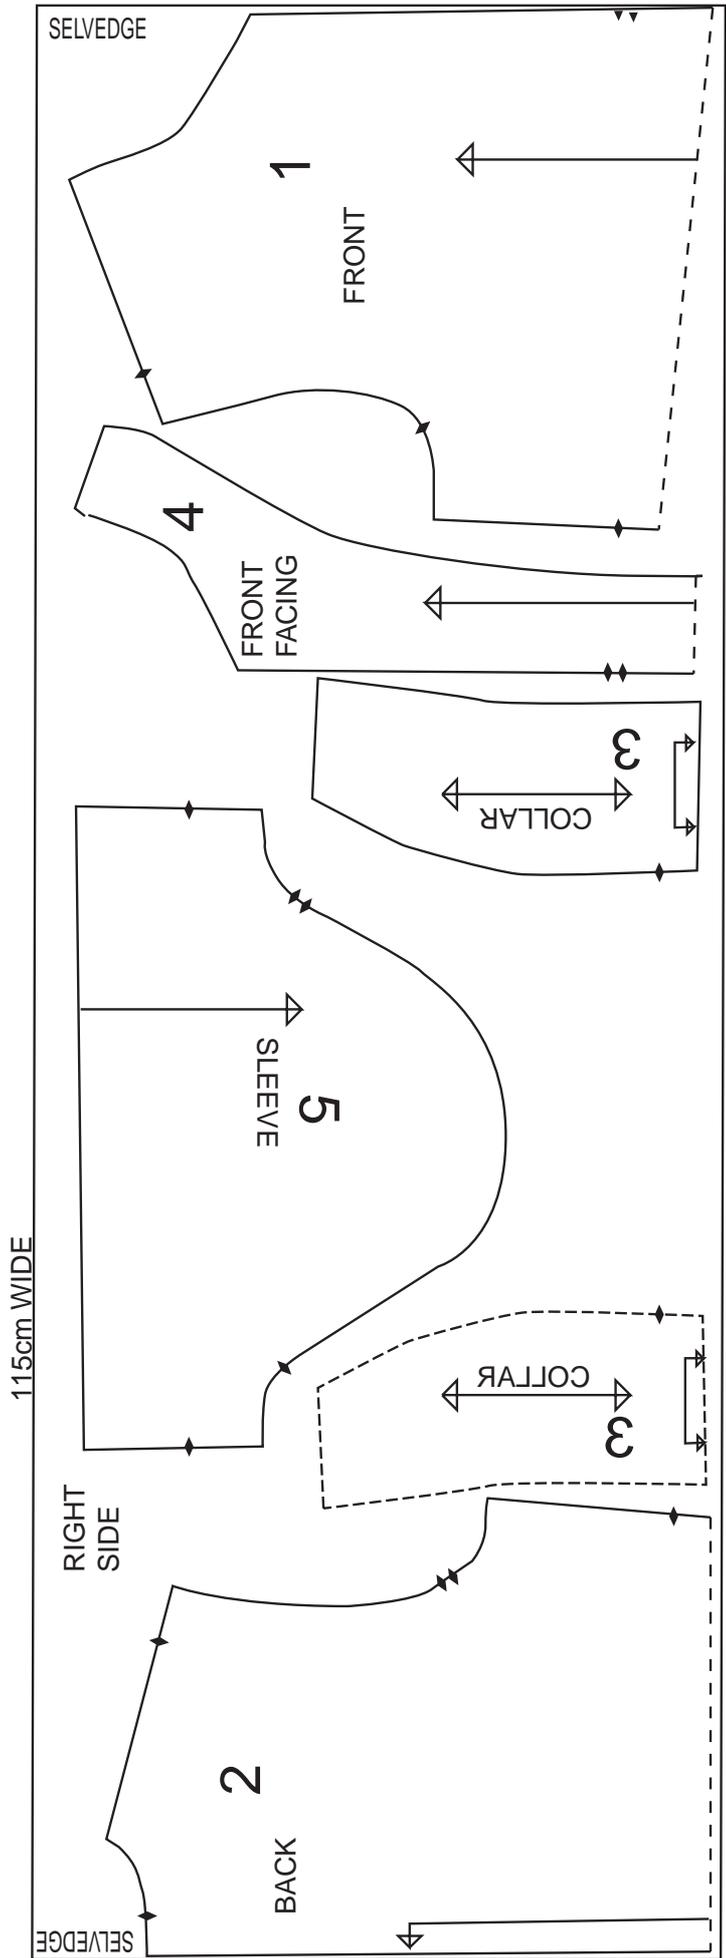

(i) Sleeve hem

Turn up the sleeve hem (3.2 cm is allowed) and tack in position. (Do **not** remove this tacking at the end of the test.)

At the end of the examination remove the needle and unnecessary pins from your work. Write your name and candidate number on the label provided. Cut out the label and tack it to your test.
