

PRIMARY SCHOOLS ANNUAL EXAMINATIONS 2003
EDUCATIONAL ASSESSMENT UNIT - EDUCATION DIVISION

YEAR 4

MATHEMATICS

TIME: 1 HOUR

Name: _____

Class: _____

1)
$$\begin{array}{r} 374 \\ + 415 \\ \hline \\ \hline \end{array}$$

2)
$$\begin{array}{r} 694 \\ + 258 \\ \hline \\ \hline \end{array}$$

3)
$$\begin{array}{r} 875 \\ - 363 \\ \hline \\ \hline \end{array}$$

4)
$$\begin{array}{r} \text{Lm } 5 \cdot 35 \\ - \text{Lm } 3 \cdot 79 \\ \hline \\ \hline \end{array}$$

5)
$$\begin{array}{r} 108 \\ \times 9 \\ \hline \\ \hline \end{array}$$

6)
$$6 \overline{) 385}$$

7. Complete:

a) $50c = 25c + 5c + 10c + \underline{\quad}c$

b) $77c = 50c + 2c + \underline{\quad}c$

c) $\text{Lm}1 \cdot 85 = \text{Lm}1 + 25c + 10c + \underline{\quad}c$

8) Write these numbers in order. Put the **smallest first**.

12.5

1.25

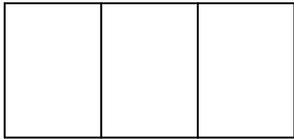

2.15

9) Use the figures 7, 4 and 8 to write

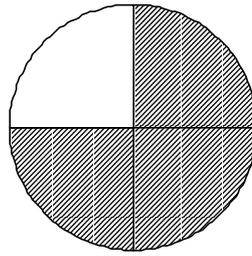

- a) a number in which 8 has the value of 8
- b) a number in which 8 has the value of 80
- c) a number in which 8 has the value of 800
- d) any other number

10)

a) Shade $\frac{1}{3}$ of this shape.

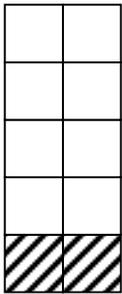

b) Complete:

$\frac{\square}{4}$ of the circle is shaded.

c)

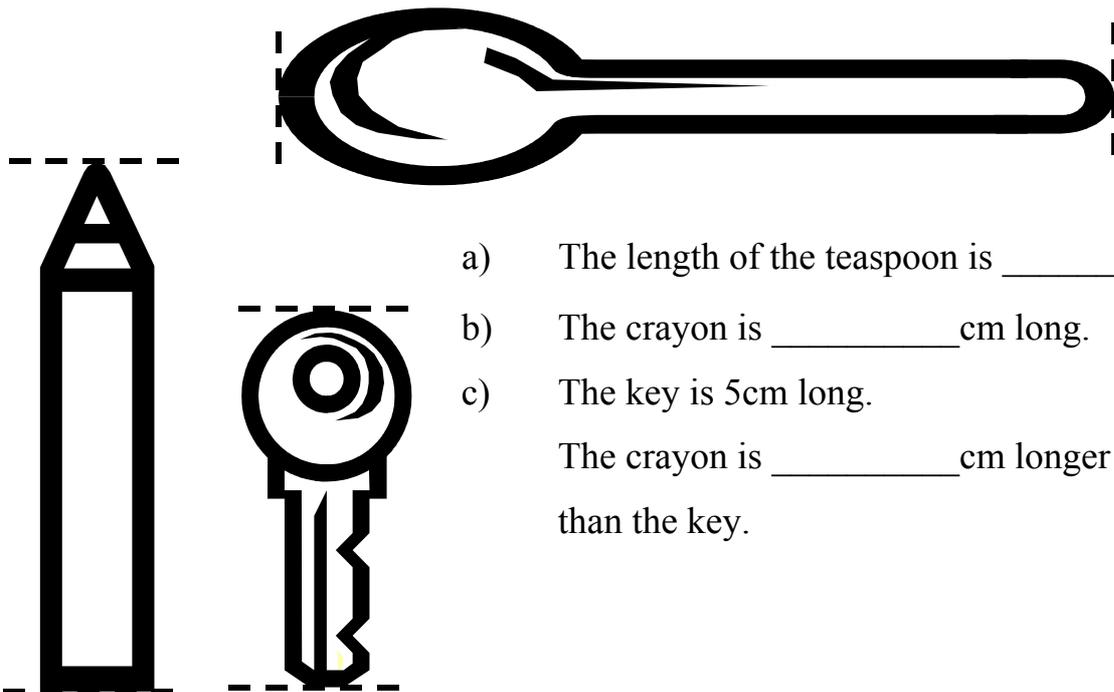

Complete:

i) $\frac{1}{5} = \frac{\square}{10}$

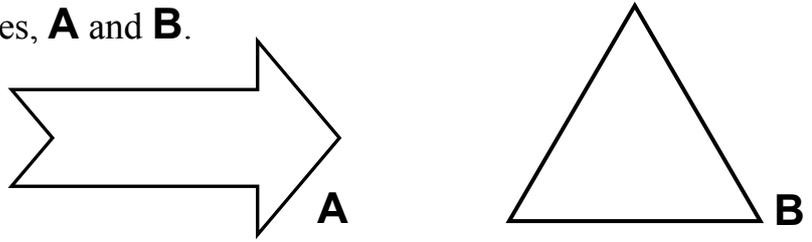

ii) $\frac{1}{5} = 0.\underline{\quad}$

11)

- a) The length of the teaspoon is _____ cm.
- b) The crayon is _____ cm long.
- c) The key is 5cm long.
The crayon is _____ cm longer than the key.

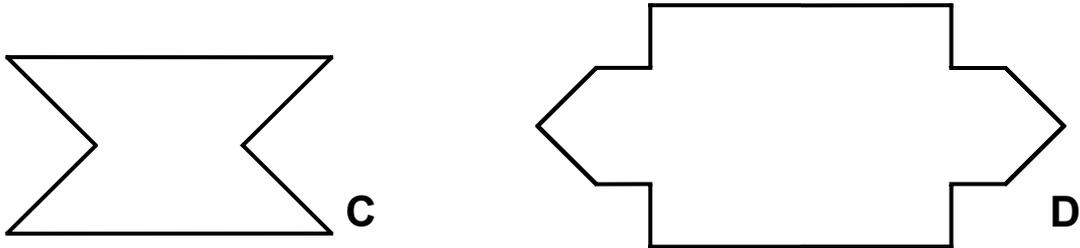

12) a) Look at these two shapes, **A** and **B**.

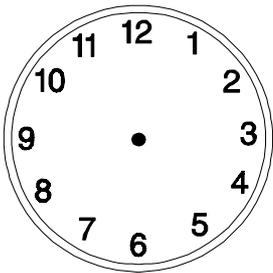

Underline the correct answer:

- i) Shape (**A**, **B**) has **1** line of symmetry.
- ii) Shape **B** has (**1**, **2**, **3**, **4**) lines of symmetry.

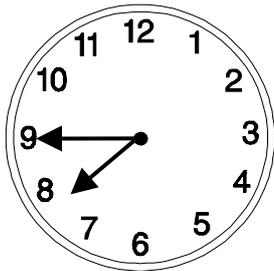

b) Look at shapes **C** and **D**. Draw their lines of symmetry.

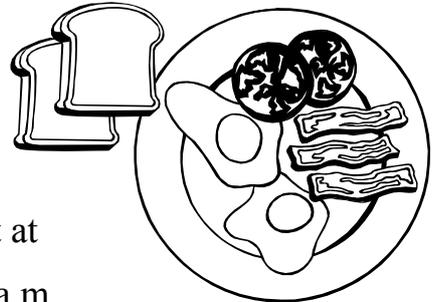

13)

a) David wakes up at 7:30 a.m.
Show this time on the clock face.

b) David has breakfast at _____ a.m.

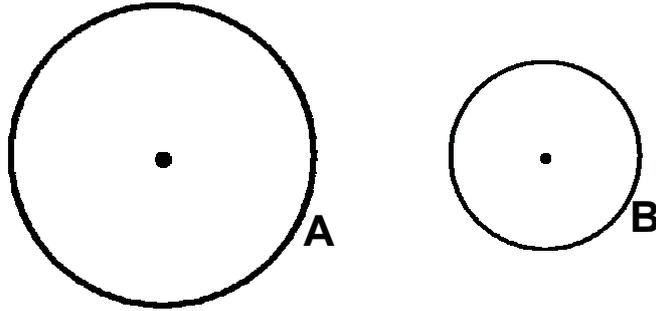

c) The school bus picks David 20 minutes **after breakfast**.
The bus picks David at _____ a.m.

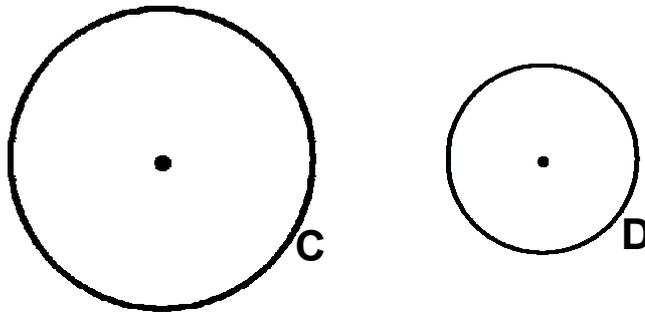

d) The bus trip takes 10 minutes. He is at school at _____ a.m.

14) Look at these two circles, **A** and **B**.

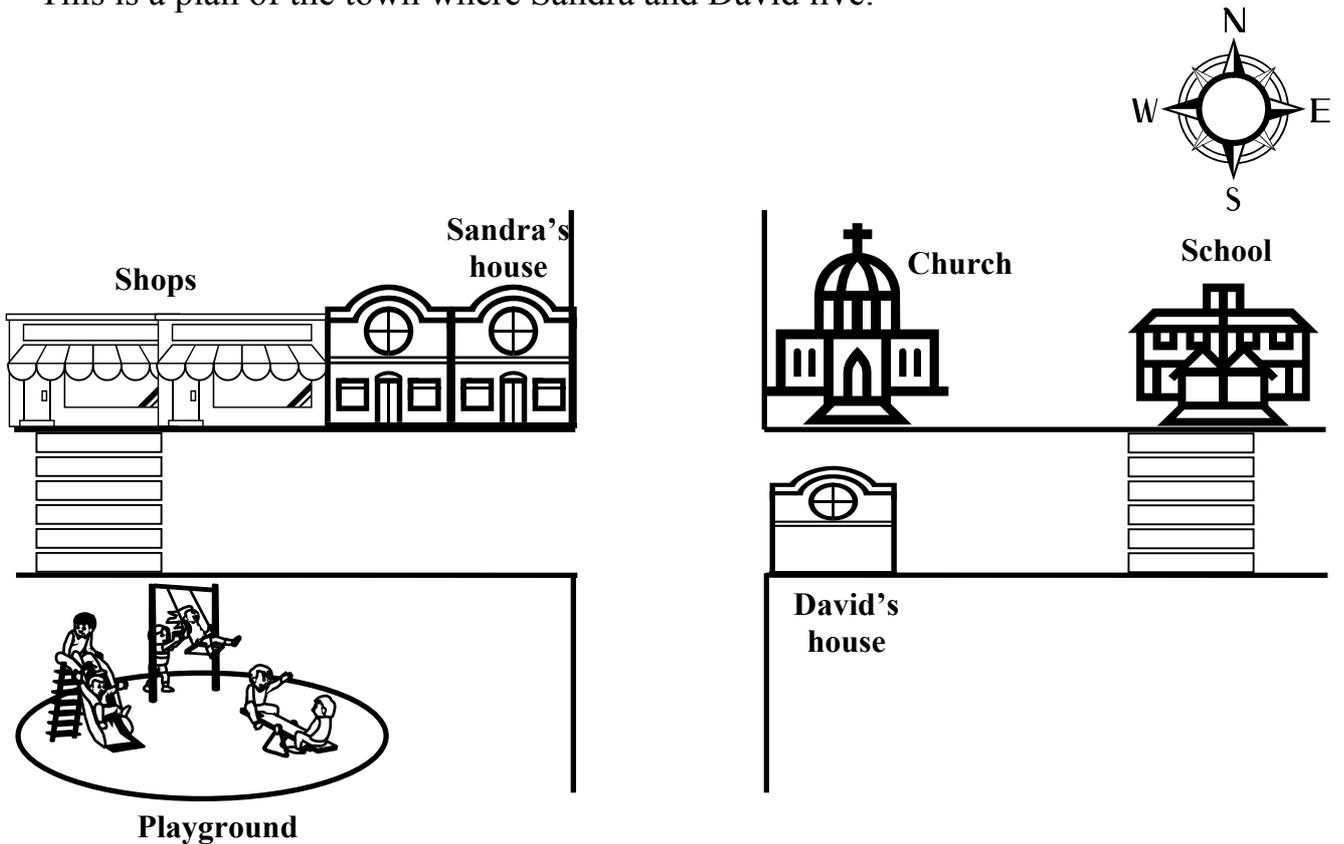

- a) The **circumference** of circle **A** is (bigger than, smaller than, equal to) the circumference of circle **B**.
- b) Draw the **radius** of circle **A**.
- c) Draw the **diameter** of circle **B**.
- d) Look at these two circles, **C** and **D**. Complete:
The **diameter** of a circle is **2 times** as long as its _____.

- e) (i) Draw a line from the centre of circle **C** to the centre of circle **D**.
- (ii) This line is _____ cm long.
-

15) This is a plan of the town where Sandra and David live.

Complete using **North, South, East or West**.

a) David goes from **his house to the church**.

He walks _____.

b) Sandra walks from **her house to school**.

She walks _____.

c) After school David walks back home.

(i) He walks _____ on the zebra crossing.

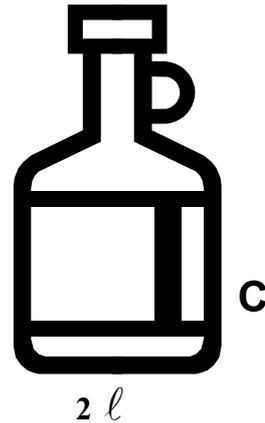

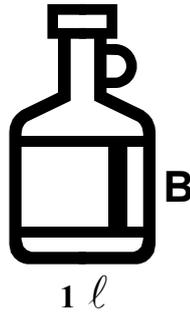

(ii) Then he turns and walks _____.

d) Sandra leaves home and goes to the playground.

(i) She walks _____ to the shops.

(ii) Then she walks _____ on the zebra crossing to the playground.

16) Here are three different bottles, **A**, **B** and **C**.

Underline the correct answer.

a) Bottle **A** holds **500 ml** of water.

$$500 \text{ ml} = \left(\frac{1}{2} \text{ litre}, 1 \text{ litre}, 2 \text{ litres}\right) \text{ of water.}$$

b) Bottle **B** holds (the same as, half as much as, one quarter of) bottle **C**.

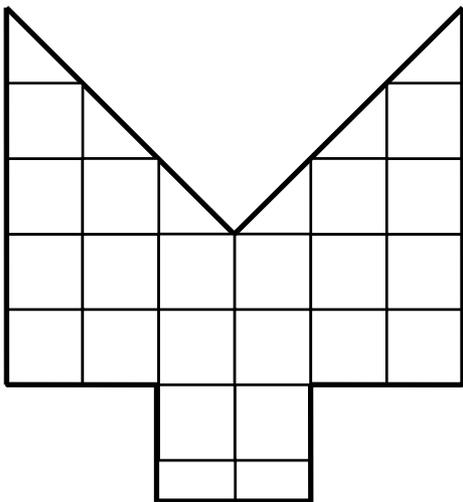

c) Bottle **C** is full of water.

From bottle **C**, I can fill bottle **A** (1, 2, 3, 4) times.

d) I fill bottle **A** **once** from bottle **C**.

_____ l _____ ml are left in bottle **C**.

17) Look at this shape. Each small square has an area of 1 cm^2 .

a) The **area** of the shape is _____ cm^2 .

b) Draw the **line of symmetry** of the shape.

c) Shade **one half** of the shape.

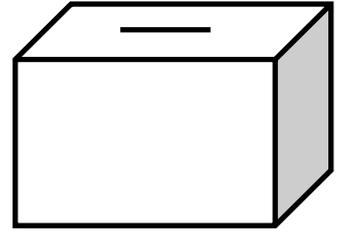

d) The area of **one half** of the shape is _____ cm^2 .

18) Solid shapes may have **edges, vertices, flat** or **curved faces**.

The picture shows David's money box.

a) (i) It has the shape of a (**cone, cube, cuboid, sphere**).

(ii) It has 6 faces,
12 edges,
_____ vertices.

b) David has a solid **cone**.

A cone has 1 flat face,
1 _____ face,
1 _____.

c) (i) David's football has the shape of a _____.

(ii) It has no vertices, no flat faces and no _____.

19) This is a price list at Mike's snack shop.

Mike's Goodies	
Price List	
Sandwich	35c
Pizza	40c
Soft Drink	30c
Ice Cream	50c
Snack Packet	20c
Fruit Juice	25c

a) Sandra spends **Lm 1** at Mike's snack shop.

She buys **3 different** things for **Lm 1** ?

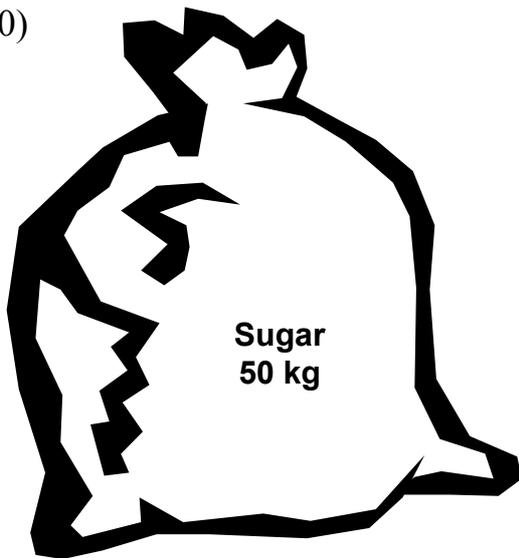

Which are they?

b) Sandra pays Lm1 in coins. She has **two** 10c coins and **three** other different **coins**.

Which are they?

_____ c coin _____ c coin _____ c coin

20)

1 kg

500 g

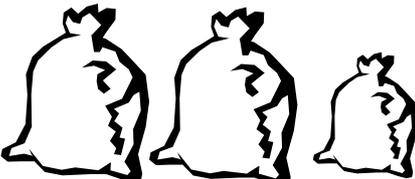

Fill in:

a) The sugar in a 50 kg sack is put in 1 kg or 500 g bags.

i) **50** bags of _____ kg each can be filled from a 50 kg sack.

ii) _____ bags of **500g** each can be filled from a 50 kg sack.

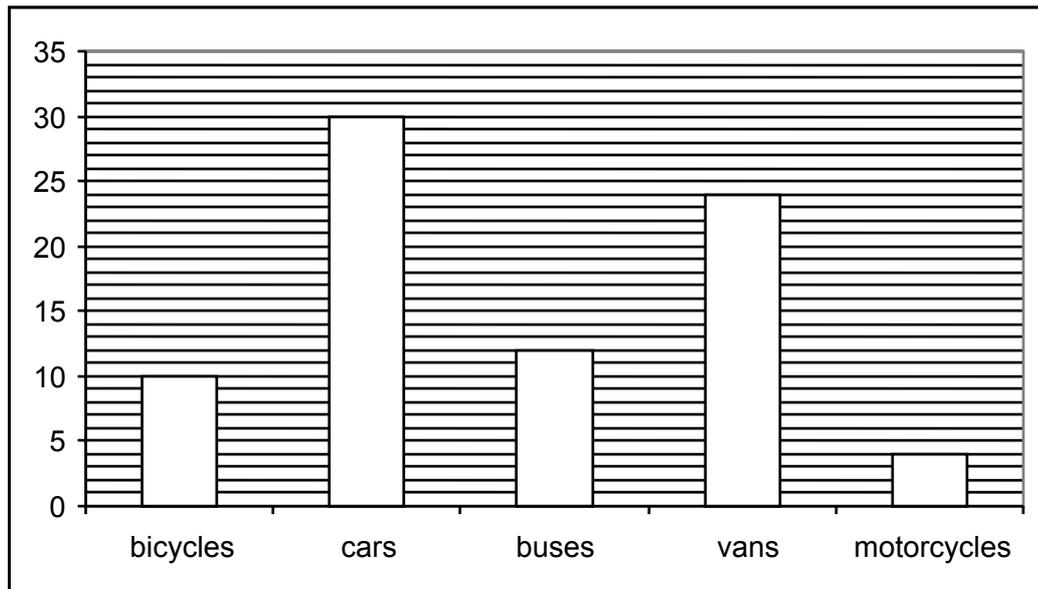

b) A 1 kg bag costs 64 c. A 500g bag costs 35c. I have **Lm 5·00**.

i) I buy  for Lm _____

1 kg 1 kg 500 g

ii) I get Lm _____ change.

21) a) Look at the graph and complete the table.

Vehicles	Bicycles	Cars	Buses		Motorcycles
Number	10		12	24	4

b) Complete:

i) The **total** number of **bicycles** and **motorcycles** is _____.

ii) There are _____ cars more than buses.

22) This is the calendar for March 2003.

Sundays and public holidays are shaded on the calendar.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
						1
2	3	4	5	6	7	8
9	10	11	12	13	14	15
16	17	18	19	20	21	22
23	24	25	26	27	28	29
30	31					

Sandra had piano lessons on **Mondays** and **Wednesdays only**.

There were **no lessons on public holidays**.

Complete:

a) Sandra had no lessons on Wednesday _____ th March and
Monday _____ st March.

b) Sandra had a total of _____ piano lessons in **March 2003**.

c) Sandra visits her grandparents every Sunday.

Sandra visited her grandparents _____ times in March.

d) This year Sandra's birthday was on a Tuesday in March.

The date is a PRIME NUMBER.

Sandra's birthday was on Tuesday _____ th March.

END OF PAPER

Nos 1 – 8 8 x 3 marks = 24 marks
Nos 9 – 12 4 x 4 marks = 16 marks
Nos 13 - 22 10 x 6 marks = 60 marks
