TOO MUCH CHANGE TOO QUICKLY?

There are reports that many of the population of the former planned economies of Eastern Europe are unhappy about some of the changes in their countries. They don't believe that scarce resources are being allocated more efficiently since the move towards mixed economic systems. They are saying that although there are more luxuries available, unemployment is starting to rise.

- (a) Explain the following terms as used in the article:

- (i) Planned economies;

- (ii) Scarce resources;

- (iii) Luxuries.

- (b) State **2** benefits of living in a planned economy.

1 _____

2 _____

3

2

1. (continued)

- (c) Give **one** reason why unemployment might rise as an economy moves away from a planned economy.

1

Marks KU ES

- (d) Describe **2** actions the governments of these countries could take to reduce the trend of rising unemployment.
