Study Figure 1, Ordnance Survey map MALTA EAST of scale 1:25,000 or 4cm = 1 km and answer the following questions: What building is situated at grid reference 525773?	F(ORM 5 GEOGRAPHY (OPTION) TIME: 1h 45min	<u>n</u>
Study Figure 1, Ordnance Survey map MALTA EAST of scale 1:25,000 or 4cm = 1 km and answer the following questions: What building is situated at grid reference 525773?	Na		
and answer the following questions: . What building is situated at grid reference 525773?			
work out the six figure grid reference for Ghallis Rocks (what is the compass direction from Madliena (518764) to Maghtab (504773)? (If you walk from il-Blata l-Bajda (512777) due South for 700 metres, what building would you find? (Measure the straight line distance, in metres or kilometres, between Ghallis Tower (491791) and Maghtab Chapel (504772) (Measure the distance, in metres or kilometres, along the coast from il-Blata l-Bajda to the headland South of Ghallis Rock (502787) (Historical monuments and buildings are usually named in the Gothic style of writing. Mention TWO such places shown on the map (Give one proof that soldiers use part of the area for their training. Look at the area in grid squares 4976, 4977 and 5077. What do you think is the major land-use there? (In grid square 5076, contour lines are closely spaced. What does this mean? (In the space below plot a cross section of the line A – B from Madliena Fort to Madliena Tower. State whether there is intervisibility between the two places or not.	1.		
work out the six figure grid reference for Ghallis Rocks (what is the compass direction from Madliena (518764) to Maghtab (504773)? (If you walk from il-Blata l-Bajda (512777) due South for 700 metres, what building would you find? headland South of Ghallis Rock (502787) (Historical monuments and buildings are usually named in the Gothic style of writing. Mention TWO such places shown on the map (Give one proof that soldiers use part of the area for their training. Look at the area in grid squares 4976, 4977 and 5077. What do you think is the major land-use there? (In grid square 5076, contour lines are closely spaced. What does this mean? In the space below plot a cross section of the line A – B from Madliena Fort to Madliena Tower. State whether there is intervisibility between the two places or not.		(491791) and Maghtab Chapel (504772)	(1)
Historical monuments and buildings are usually named in the Gothic style of writing. Mention TWO such places shown on the map	f.		(1)
Cive one proof that soldiers use part of the area for their training. Look at the area in grid squares 4976, 4977 and 5077. What do you think is the major land-use there? In grid square 5076, contour lines are closely spaced. What does this mean? In the space below plot a cross section of the line A – B from Madliena Fort to Madliena Tower. State whether there is intervisibility between the two places or not.	g.	Historical monuments and buildings are usually named in the Gothic style of writing.	(1)
Look at the area in grid squares 4976, 4977 and 5077. What do you think is the major land-use there? (In grid square 5076, contour lines are closely spaced. What does this mean? (In the space below plot a cross section of the line A – B from Madliena Fort to Madliena Tower. State whether there is intervisibility between the two places or not.	1		(2)
Look at the area in grid squares 4976, 4977 and 5077. What do you think is the major land-use there? (In grid square 5076, contour lines are closely spaced. What does this mean? In the space below plot a cross section of the line A – B from Madliena Fort to Madliena Tower. State whether there is intervisibility between the two places or not.	h.	Give one proof that soldiers use part of the area for their training.	(1)
In grid square 5076, contour lines are closely spaced. What does this mean? In the space below plot a cross section of the line A – B from Madliena Fort to Madliena Tower. State whether there is intervisibility between the two places or not.	i.		, ,
In the space below plot a cross section of the line A – B from Madliena Fort to Madliena Tower. State whether there is intervisibility between the two places or not.	j.		(1)
•	k.	In the space below plot a cross section of the line A – B from Madliena Fort to Madliena	(1)
		Tower. State whether there is intervisibility between the two places or not.	(4)

Cross-Section A – B

1.		2.	5?	3	llowing:
Mention	the major bio	omes where	A to E are situ	ated.	
A				C
