**TURN OVER**

**PAPER ENVSGM03: Managing the City Economy: Application of Economic Criteria**

**DURATION: 3 Hours.**

**This paper consists of six questions. Answer TWO questions only. All questions carry equal marks.**

---

1. What do you understand to be the conditions for an internationally successful financial centre?
2. Discuss the extent to which economic development represents a solution to the urban environmental problems of developing countries.
3. What types of services might have potential for export? What should city managers do to foster such exports?
4. What do you understand to be the underlying causes of de-industrialisation? What challenges does it pose for city managers?
5. What in your view are the most effective means to alleviate urban poverty in developing countries?
6. In what ways - if at all - can city managers seek to enhance urban productivity?
